## TRUST RULING FIXES POLICY.

**Harlan Dissent to Pass Unheeded.**

**Government Will Shape Future Policies According to "Rule of Reason."**

**Official Picks Flaw in Line of Deduction Followed By Associate Justice.**

**Former Decision Under Alien Immigration Act Cited to Prove Contentious.**

**ASSOCIATED PRESS NIGHT REPORT.**

WASHINGTON, May 30.—That the government means to formulate its anti-trust policies in accord with the "rule of reason" as laid down by the Supreme Court in the Standard Oil and tobacco trust decisions, notwithstanding the vigorous dissent of Associate Justice Harlan and the many bills introduced in the Senate to amend the Sherman anti-trust law, was made evident today.

Administration officials, after a day's consideration and study of the tobacco decision, and after a thorough comparison with the Standard Oil decision, were satisfied that the "rule of reason" is no new feature of the Supreme Court's interpretation of the law, and one member of the Cabinet, whose views have always been regarded as reflecting those of the administration, made a comprehensive statement to that effect. The statement was attributed to "an official close to the administration." It follows in part:

**OFFICIAL QUOTED.**

"Justice Harlan, in his dissenting opinion in the tobacco case, objects vigorously to the application in the construction of the act of Congress of the 'rule of reason,' to which attention was called by the Chief Justice in his opinion in the Standard Oil case. Justice Harlan says in effect by construction the word 'unreasonable' or 'undue' in the Sherman act is judicial legislation.

"Congress," he says, "has in language so clear and simple that there can be no question whatever for construction signified in the intent to prohibit every restraint of trade in whatever form, to whatever extent, whereas the court under the Chief Justice's opinion, inserts in the law words which make Congress say that it means only to prohibit 'undue' restraint of trade."

**HARLAN INCONSISTENT.**

"This he objects to as amounting to a reading into the act by judicial legislation of exceptions not provided there by the law-making branch of the government, and this he contends the court cannot and ought not to do."

"But Justice Harlan has not always regarded the judicial function as excluding the right to interpret statutes to meet emergencies. He referred to a Henni application on the face of the act where they involve a manifest wrong. In the case of the Church of the Holy Trinity against the United States, the court had under consideration the act of Congress known as the alien immigration act, passed February 26, 1882.

"The Church of the Holy Trinity, in New York, had made a contract with Rev. E. Walpole Reppen, an alien residing in England, to remove him to New York and enter into service as its rector and pastor for a compensation to be paid to him; and because of that contract an action was brought against the church by the United States to recover the penalty prescribed for a violation of this act.

**HARLAN'S PRIOR DECISION.**

"The court, in its original opinion of the court in which all the other justices, including Harlan, concurred, premised by conceding that act of the corporation is within the letter of this section, for the relation of rector to his church is one of service and implies labor on the one side, with compensation on the other."

"He then argued that the specific exceptions made in the act in which clergymen were not included strengthened the idea that EVERY OTHER kind of labor and service was intended to be reached by the statute. Yet notwithstanding all of that, it was said that that court could not think that Congress intended to discriminate with penalties a transaction like the employment of a Christian minister."

**BLUE AND GRAY JOIN.**

ATLANTA (Ga.), May 30.—The Atlanta Journal and Constitution, and images of the far South joined today in honoring the memory of Union soldiers killed and buried on Dixie battlefields. One of the principal events took place at Andersonville, Ga., where exercises were held at the National cemetery. Flags were placed on each of the 13,722 graves. At Mobile a big delegation of Confederate veterans helped decorate the mounds.

**Forker Speaks at Columbus.**

COLUMBUS (O.) May 30.—Memorial Day was more generally observed here than for some years. Ex-J. B. Foraker was the speaker of the day. There was a parade of veterans, and the McKinley monument in the State House yard was adorned with flowers.

### NUNS PRAY AS MAIDENS LEAP.

ifty Girls Trapped  
by Flames.

Pupils in Burning Dori-  
sitory Throw Younger  
Into Fire Nets.

Saved From Death By  
Cool-headed Courage  
of Their Leaders.

Connecticut School Scene of  
ignal Heroism; Building  
Without Escapes.

DIRECT WIRE TO THE TIMES:  
ARTFORD (Ct.) May 30.—[Ex-  
clusive Dispatch.] Ninety of the  
girls in the dormitory of the Con-  
cordia School, on Sisson avenue, here,  
and their May devotions this after-  
noon in the chapel on the first floor  
of the four-story building.

GIRLS SING: NUNS PRAY.

Before they could do so there  
broke through the netting on the  
windows with chairs. The flames  
were reaching out for them by that  
time and some of the younger girls  
were too terrified to obey orders.

The older girls dragged them to the  
windows, from which they either  
jumped or were pushed. All escaped  
without serious injury.

WHEN the firemen arrived the roof  
of the home was in flames, and the  
fire was spreading to the dormitory  
where the fifty girls, ranging in age  
from 15 to 21, were gathered. The  
firemen called for the girls to jump  
from the netting.

Protestant girls were working  
on the fourth floor, when  
they saw the flames coming from  
a storeroom, and the same  
workers cotton goods are kept  
manufacture of wrappers,  
and dresses at which the girls  
are employed. The girl  
hurried down stairs to the chapel and  
told her news to the Mother Su-  
perintendent.

She one of the nuns sent in an  
alarm by telephone, the Mother Su-  
perintendent marched the girls from  
a courtyard on which the  
nuns are gathered. The girls  
and the Mother Superintendent  
and others prayed.

FIRE IN FLOOR OF POLICE STATION.

SUMMARY.

PACIFIC SLOPE. Jonah Kalanakanoa, Hawaiian delegate to Congress, reached San Francisco yesterday to open fight against Gov. Fred of the islands who, he says, favors "the inter-

ventionists."

Ontario and Upland put aside their aid differences and almost simultaneously voted to join in the formation of a new district. Prognosticators expect that the real trouble comes when the selection of the site is to be settled.

The Native Sons of California will restore the famous old Santa Ynez Mission, which was destroyed by fire in 1862.

Judge of Venetian hills driving

his team through the surf, had his rig over-  
turned by a horse and he recovered his  
team with difficulty, getting his clothing wet  
dry enough to proceed.

**WORDS OF PEACE  
FROM PRESIDENT**

*Thousands of Veterans Hear His Eloquent Plea.*

*Addresses Large Assembly at Arlington.*

*Would Go Far to Avoid Grim Horrors of Battle.*

**[ASSOCIATED PRESS NIGHT REPORT.]**  
WASHINGTON, May 30.—Under the shaded trees of the Washington National Cemetery President Taft today spoke not so much as the friend of peace, but as the enemy of war. Thousands of veterans tramped the hot asphalt of the streets, crossed the Potomac and trudged dusty roads to Arlington to hear the President speak. Thousands of motor cars, in automobiles and by street cars, and when Mr. Taft, with Secretary of War Stimson, came whizzing up to the vine-covered amphitheater there were fully 10,000 people in the crowd. It was about the speaker's stand that probably was the most largely-attended Memorial Day celebration Washington has seen.

"Far be it from me," said the President, "to minimize in any way the debt we owe to the men buried here who carried on the successful struggle that resulted in the abolition of the cause of slavery, and the eradication of such by such an awful slaughter of the brightest and bravest and best of the nation's manhood. I still believe that when it has been possible to accomplish the same reform by milder methods. Whether that be true or not, the preachers declare that the work lies about us in the cause of advancing humanity cannot ever be lessened or obscured by any suggestion."

"But this thought is that I would but hint that there is that even in the hollowed presence of these dead, whereof the spirit of patriotism and love of their country is still needed a will to make everlastingly evident, we should abate no effort and should restrain every nerve and avail ourselves of every honorable voice possible to avoid war in the future."

President Justice N. P. Chipman of the Third District Court of Appeals, who stood beside Lincoln when the Gettysburg address was delivered, read that historic speech.

The oration of the day was delivered by Judge A. J. Buckley of Suisun. Memorial Day was generally observed through the Sacramento Valley.

**GREN. OTIS AT ARLINGTON.**

ATTENDS MEMORIAL EXERCISES.

*(By DIRECT WIRE TO THE TIMES.)*

WASHINGTON (D. C.) May 30.—[Exclusive Dispatch.] Gen. H. G. Otis attended the Memorial Day exercises today at Arlington, where in past years he has often been present when tributes were paid to the memory of the dead. He was anxious to take part, but felt that to do so would interfere with the formal programme. The General has many old friends among the surviving veterans, and invited numerous delegations because it would have been a physical impossibility to accept all that have been proffered.

**SONGS INSPIRE VETERANS.**

NOTABLE PARADE IN CHICAGO.

**[ASSOCIATED PRESS NIGHT REPORT.]**

CHICAGO, May 30.—Civil War veterans, 2000 strong, sang "John Brown's Body," "Marching Through Georgia," and other war songs as they marched in a great Memorial Day parade today. At the point of review, the crowds first cheered and then joined in the songs.

As the marchers neared the reviewing stand a woman, beside a horse, plucked a bunch of red roses to ride, though every step cost him a new torture, began to hum the strains of "John Brown's Body."

Immediately the old man straightened and before the cheering thousands lining the line of march, the Mountain View and Saratoga.

*With Honor Only.*

IN FAVOR OF ARBITRATION PLAN.**

*Stirs Veterans of Days of Sixty-one With Speech at Grant's Tomb, in Which He Contends for Universal Peace, But Peace Only With National Self-Respect. Better War Than Dishonor in Slightest, He Says.*

**[ASSOCIATED PRESS NIGHT REPORT.]**

**N**EW YORK, May 30.—Theodore Roosevelt, the last surviving corps commander of the Civil War, at Grant's tomb this afternoon, and aroused a Memorial Day throng to long applause by the denunciation of "false prophets of peace."

He referred to the days of '61, when he said, the veterans he addressed deplored the field in the name of peace; he voiced his faith in peace only as the hand maiden of justice and with vigorous gesture he stirred the gathering to tumultuous cheers with the declaration that unrighteous peace was a greater evil than war.

**PEACE AND JUSTICE.**

"I believe in national and international peace," he said, "but I stand for it as the hand maiden of justice. You men recall that in the days of '61 there were cries for peace, but there was no peace. You are not to be led by false apostles of peace, you who defied the Lee told in '61 when he was told in the name of peace."

**CAUSTIC TONGUE OF SUFFRAGIST STINGS POLITICIANS OF ALBANY.**

**[BY DIRECT WIRE TO THE TIMES.]**

**N**EW YORK, May 30.—[Exclusive Dispatch.] Heading the delegation of thirteen American suffragists, who sailed for Copenhagen aboard the Scandinavian American liner, United States, en route to Stockholm, where the International Congress of Woman Suffrage Bodies is to be held during June, was Rev. Anna Shaw. Behind her Dr. Shaw left a number of New York politicians smarting under a caustic acid address delivered at a recent meeting, in which

*she took occasion to criticize the attitude of the state representatives of the suffragists, who voted for the bill.*

*"Just think of it," said Rev. Anna Shaw. "Here is a man who comes from Ireland, where they are fighting for home rule, saying that women cannot and should not vote. Grady is no good. ## SEEK LIGHT ON RIVER CONTROL.

Experts to Study Problem of Colorado Floods.

President, Deeply Interested, Calls Conference.

Additional Appropriation is Expected to Result.

**WIRE TO THE TIMES.**  
WASHINGTON (D. C.) May 29.—[Exclusive Dispatch.] President Taft is deeply interested in the problem that has arisen regarding the control of the Colorado River. He has sent a wire to the Secretary of War asking him to get information regarding the task Col. Ossian has been trying to solve and for which Congress voted \$1,000,000. The greater portion of which has been expended in work which has not been put only partially adequate to stop the river from cutting through its banks.

The break at Bee River threatens such serious ultimate damage to the whole Imperial water system that vigorous steps are necessary to complete the work and the President contemplates sending a special message to Congress asking for an immediate appropriation to enable him to do the work through to completion.

In order that the President may have all possible information regarding the situation, he has asked the Adjutant General to send him a copy of the report of the American Squadron to Copenhagen on the whole has proven successful.

The death of Prince Hans of Glucksburg occurred after the royal festivities were over and so did not distract the arrangement "which was carried out as planned."

The popularity of American officers is increasing among residents of Copenhagen in spite of the "break" made by Admiral Badger at the German naval station.

**WIRE TO THE TIMES.**  
COPENHAGEN, May 29.—[Exclusive Dispatch.] The visit of the American squadron to Copenhagen has been much more than a social call. The members of the visiting squadron proposed a toast to the German navy. This, of course, gave a highly unpleasant impression, but the kindness shown Danes by officers of the squadron has done much to remove this feeling.

The American residents have visited the ships every day and have been shown around with great courtesy. Although at first the Americans were ignored at the parties, they have now long felicitous accounts of all social affairs connected with the visit of the squadron.

**FOUR INCINERATED IN HOTEL.**

**WIRE TO THE TIMES.**  
NEW YORK, May 29.—[Exclusive Dispatch.] President Taft has sent a personal visit to E. H. Harriman to lend the vast resources of his great railroad system for the purpose of determining what is considered valuable in the present instance. Lippincott has sent word he will arrive Saturday, the day on which Roosevelt is expected if at all which will involve a supplementary conference.

At the conference the members will go into the question and the information gained will be submitted to the President, who will be guided by it in making his representation to Congress. The most acute problems in connection with the work is the present method of constructing the levees to resist the encroachment of the water. The conference will throw light on this question.

**CONGRESS RESTS ON OARS.**  
WAITING ON DEMOCRATS.

**WIRE TO THE TIMES.**  
WASHINGTON, May 29.—Neither the Senate nor any of its committees was in session today, nor does the House have anything before it, an agreement having been reached last Friday to meet today merely because neither branch of Congress can adjourn for more than three days without the consent of the other. There will be no further session of the House until Friday, following the Democratic caucus on the wool tariff bill, framed by the Democratic members of the Ways and Means Committee. The Senate will reconvene Thursday. Chairman Underwood is convinced that a majority of the Democrats will support the bill.

**STICKS TO BEVERLY.**  
PRESIDENT'S SUMMER HOME.

**WIRE TO THE TIMES.**  
WASHINGTON, May 29.—President Taft will stick to Beverly as a hot-weather playground unless Congress selects a site and appropriates the sum for an official summer White House elsewhere. In a letter to George Eberhart of Minnesota declining with thanks the offer of a site for a Presidential summer home at Wayzata onterna.

## WILL LEAD IN HUMANE WORK.

Experts Named to Plan New Psychopathic Ward.

To Make Los Angeles County Hospital Unsurpassed.

Great Increase in Efficiency Expected to Result.

The Board of Supervisors at its meeting Monday appointed the following committee to consider plans for the new psychopathic ward, to be established in connection with the County Hospital: Judge Hodges, presiding judge; Dr. C. H. Whitman, superintendent of the County Hospital; Dr. H. O. Bradford, head of the Department of Mental and Nervous Diseases, University of California; Dr. James Fisher, of the Department of Mental and Nervous Diseases, University of Southern California, and Dr. George Kress, secretary of the Los Angeles Medical Society.

A committee was appointed in the Psychopathic Association, which has been making a special study of the needs of the insane, and the best methods of cure and prevention of insanity. The association has already collected a large amount of data concerning the most modern and up-to-date methods of handling the insane and the methods of investigation being accomplished in other cities. They have secured plans of some of the best psychopathic wards hospitals already established, and have received a large amount of correspondence and many suggestions regarding the subject.

**NEED IMPERATIVE.** The need for better and more scientific—say nothing of more humane—methods of handling the insane—methods of handling the insane in Los Angeles is imperative. The need will be felt by families which have long been denied it. It will make it possible for the unfortunate inmates of the county institution which must necessarily attend court examination and for the observation and treatment which will result in saving money, time, and, according to the best authorities, in preventing many commitments.

It is expected that doubtful or insufficient cases may be held here for scientific observation and treatment until their status is determined. In many cases insanity is temporary, as the result of a removable cause. It is the best problem to solve for such cases. Mrs. Joanna von Wagner of the City Housing Commission, who has had a number of years' practical experience in the care of mental patients in Boston, and in other eastern hospitals, declares that in many instances it is impossible to pass upon the sanity of a woman without careful observation for at least six months.

The new hospital will probably provide special facilities for such.

Miss Evelyn Stoddard of the Juvenile Court is satisfied that the institution shall include a ward for children.

The Juvenile Court, and the city nurses frequently find children who are not fit for hospital care.

For lack of a normal sane asylum, yet who are not normal and need special treatment and care. The Children's Hospital cannot receive them, as it is a public almshouse, and is always willing to give every assistance in their power in such cases, can do little in homes where proper care and attention is given to the children. Frequently it is easier to experts the proper treatment in childhood would save the child from becoming a criminal or a chronic insanity charge. As a result of the new hospital, a children's ward should be a paying institution, it is thought.

**TO SERVE COMMUNITY.** It has been the experience in other communities that when a psychopathic ward, conducted as a hospital and not as a branch of a criminal court, has been established, the public comes to it voluntarily for advice and treatment. With the stigma of the public arraignment and commitment removed, patients are willing to come to the hospital or are brought by their friends, in time to prevent or to cure what may become a confirmed mental disorder under the present system of treatment.

One of the suggestions which the Psychopathic Association has received is that of an investigation before the complaint in insanity cases is made out. At present, when the complaint is made, two departments are sent to bring the patient into court for arraignment. The patient, whatever the conditions, is brought before the judge and the Lunacy Commission for examination.

There are also cases where facts which might be the most important basis for the case, are not discovered at all, or are known when it is too late to undo injuries or harm. If a physician or a nurse, or some competent person were sent to the home to see the accused and to find out the actual circumstances before the arraignment is made at all, it is assumed that time and effort might be saved and the possibility of unnecessary or unjust commitment lessened.

With the erection of a modern psychopathic ward, equivalent to the present day observation and treatment, as well as for detention, Los Angeles County Hospital will rank with the best institutions in the country for the care of dependent patients. The completion of the new buildings, including the finest medical buildings, in the city and all out-of-door tuberculosis wards, give this institution facilities that are not surpassed in any other city.

**HER MIND A BLANK.** Woman Who Wanders Streets Aimlessly for Eleven Days, Comes to Herself and Telephones Mother.

After wandering about the city, in what her relatives said was a mentally unbalanced condition for eleven days, Mrs. Alice M. Carr of No. 411½ Saxon street recovered sufficiently yesterday morning to telephone to her mother in Whittier to come to Los Angeles and get her. She is now at the latter's home.

When questioned by her mother, Mrs. Carr said that she could recall walking about the city with no particular aim, but she did not know where she was. She was disengaged, and it was sufficient to satisfy her wants. She was walking on South Main street yesterday morning, when she suddenly lost her faculties.

Mrs. Carr was formerly employed in a local department store as a millinery saleswoman.

## A Drop of Blood

Or a little water from the human system when thoroughly tested, by the chief chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., tells the story of impoverished blood—nervous exhaustion or some kidney trouble. The exhaustion or nervousness is not and is only a small part of the work of the staff of physicians and surgeons under the direction of Dr. R. V. Pierce giving the best medical advice possible without cost to those who wish to write and make a full statement of symptoms. An imitation of nature method of respiration, waste of tissue and development of the blood and nervous force is forced when you take an alternative and glycerin extract of roots, without the use of alcohol, such as

## Dr. Pierce's Golden Medical Discovery

Which makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It makes men strong in body, active in mind and cool in judgment. Get what you ask for!

## FOR SALE—Lenses and Orange Groves.

FOR SALE—

OTHERS ARE

MAKING FROM \$400 TO \$1000

OR MORE

PROFIT AN ACRE

—ON—

THEIR ORANGE AND LEMON

GROVES ABOUT

—

LA SIERRA HEIGHTS

—

Netting from \$400 to \$1000 as

annual income from 10 or 20-acre

groves. Are you interested in

the whole orange and lemon

groves about

—

LA SIERRA HEIGHTS

—

The soil of LA SIERRA HEIGHTS

is the richest of decomposed granite,

the kind that has made oranges

and lemons the most profitable

fruits in the world. Oranges and

lemons grow in abundance in the

three great valleys and the miles

of cement canals and water pipes

which irrigate the land.

The climate and altitude of LA SIERRA

HEIGHTS are unsurpassed. Oranges

and lemons are grown as by

orange and lemon experts in their

various fields which they have

selected this land.

Better look more closely into the

business side of this question if you

want to double or triple that city income,

or better still become entirely inde-

pendent of it.

CALL AND SEE ME TODAY.

## Cities and Towns of Los Angeles County

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

## TWILIGHTERS CLOSE SEASON.

Garrett Newkirk is the New President.

Aged Veteran Scores Mayor for Alleged Slight.

Executive's Note of Apology is Scorned.

Office of The Times, 38 S. Raymond avenue.) PASADENA, May 31.—The Twilight Club of Pasadena closed its eleventh season of monthly dinners last night at the Hotel Maryland with the election of officers for the next year. Those elected were Garrett Newkirk, president; Dr. Matt S. Hughes, vice-president; Robert E. Ford, secretary and treasurer.

The Twilight Club is one of those highly cultured organizations which has for its object the cultivation of good fellowship by a fraternal gathering about the festive board once a month during nine months of the year and after disposing of a good dinner spend a few hours in wholesome thought by listening to several speakers who chosen from time to time to make addresses. The club is merely a dinner club and performs no other function. It is composed of eighty well-known men of the city, who are elected to membership by the unanimous vote of the other members.

At the close of each year, or rather on the last meeting night of each year, the ladies are invited. Each member can bring one lady to enjoy the good things to eat and the gorgeous feast of music and song. Usually the ladies are given a place on the literary programme.

Last night's programme was one of the best ever given. It was devoted generally to patriotic subjects. Miss A. Simons spoke on "The Test of Patriotism," and Dr. W. Edwards had for his subject, "The Land of the Free." The Rev. Dr. Thompson and Mr. W. D. Turner gave a reading. The programme was closed by Garrett Newkirk, who read an original poem.

AGED VETERAN SCORES MAYOR.

With his voice shaking with resentment because of an alleged insult to the flag by the band of retired veterans, Dr. Case defected it from another year of turnout and, instead, turned to the Godfrey Post, No. 93, Grand Army of the Republic, and chairman of yesterday's memorial exercises, severely scored Mayor Thum for lack of appreciation and patriotism.

Dr. Case had charge of all the arrangements attendant on the Decoration Day exercises. He visited the Mayor and City Council a couple of weeks ago, and personally invited them to come over three times during the course of his remarks, to be present at the Decoration Day exercises and to join the veterans in paying tribute to the memory of the nation's honored dead. Further than that, he invited the Mayor and his associates to sit on the platform—a position of honor.

Following the veterans' parade yesterday morning, from their hall to the park, the officers of the post and War Department and the various veterans were to speak, mounted the platform. Dr. Case made particular inquiry for the Mayor. The Mayor need not be found. Dr. Case again ordered for His Honor. Then the exercises were commenced and still Dr. Case continued his search. Finally he approached the front of the platform and publicly called for "Mayor Thum." "I ask if Mayor Thum is in the audience," repeated Dr. Case three times.

There was no response, and the aged heroes who were sitting before the platform seemed to feel that the chief executive of the municipality had not done them the honor they felt due.

Rising up, Dr. Case, his aged face assuming a deep feeling of scorn, when he said, "I repeat again, is the Mayor of this city here?" He was put into office by our veterans, the local band director, and the citizens of this city. He owes it to us and to his city to be present. He made his millions by his defense of the nation, which was most possible for him to pursue his money-making in peace I protest against his not being here today. He was invited, and I again protest. He is a hero and a disgrace to this land."

This remark was met with a round of applause in which every old soldier present joined. "That's right," the shouting was frequent, words of criticism applied as the old hands again clapped.

R. Allen, private secretary to the Mayor, was sent for and handed Dr. Case a note shortly afterward. Dr. Case read the note which was written by Secretary Allen, at the request of the Mayor, and stated that he would remain understanding; that the Mayor had not been invited and requesting Dr. Case to correct the mistake.

The aged veteran's face again became pale with anger as he approached the front of the platform and, in a clear tone, said, "I personally invited the Mayor here today, and I am sure that it is a disgrace to us and to the country. This excuse is like the soldier who, when the command was given to fall in for battle, and the commanding officer sent him to the distance, went to his commanding officer and said his horse was lame." Again there was loud applause.

HEROES REMEMBERED. Decoration Day exercises were well attended, and appropriate memorials were paid to the nation's dead, not only by the old veterans, whose ranks have been badly depleted, but by those of a later generation. Hundreds of happy children, accompanied by their parents, went to Lincoln Park during the forenoon laden with flowers to be taken to the

cemeteries during the afternoon to be laid on the graves of dead veterans. The usual exercises at the park were singing and dancing, and patriotic and battle songs were sung and the veteran drum corps played the old thrilling war-time airs. Following the exercises, the women of the members of the Woman's Relief Corps held their ritualistic exercises about the soldiers' monument in the cemetery.

During the afternoon dray loads of flowers were taken to the cemetery, and every grave, which had been previously marked with a small flag, was decorated.

Last night the First Methodist Church was filled with patriotic citizens who listened to a stirring eulogy by Belmont Perry. Perry was not old enough to enlist, but says that he ran away from home three different times to join the army and each time was captured and released due to an accident of age. Nevertheless, he had the fire of enthusiasm and his address last night was graciously received and loudly applauded.

VITE NEW SECRETARY. Following the resignation, several weeks ago, of Eaton T. Sims as secretary of the Young Men's Christian Association, a position which he had held for many years with great credit to himself, he has been appointed to the secretarial work of the Young Men's Christian Association of Pomona College and has given excellent satisfaction. He has not yet accepted the Pasadena position but has been offered it and is ready to look over the field. It is believed by his friends that he will take the position and, while his congregation gives him a number of testimonials to his worth and fitness for the position, they are loath to let him go. The new association building will be completed when an active effort will be made to increase the membership in the association. The new building will cost approximately \$150,000 and will be one of the finest in the country for a city of a similar size. It will be modern in every way and Mr. Irving accepts the place he will find a large field of opportunity awaiting him.

The annual commencement exercises of the Old Folks Home for Girls will be held this evening at the Shakespeare Club, commencing at 8 o'clock. The commencement exercises will be followed by the Rev. Dr. James Blawell, president of Pomona College. The diplomas will be presented by Miss Orton and Prof. Roland Paul sing.

Hotel Vista del Arroyo. New annex and bungalows open while building of main hotel continues. Artistic materials at Wadsworth's Cremation by electricity. Pasadena Cemetery Association. Home 1997. Fishing is fine at Wheeler's.

GLENDALE.

## WILL INCREASE

THE FACILITIES.

GLENDALE SCHOOLS TAXED TO THEIR CAPACITY.

Public Sentiment Favors a Bond Issue and New Building to Meet the Growing Needs of the Community—Annual Increase For Several Years Has Been Fifteen Per Cent.

GLENDALE, May 30.—In facing the matter of preparing adequate grammar school facilities for next term in this city, the school trustees, R. A. Blackburn, R. W. Mucker and H. G. Dominy, are confronted with a problem which is more serious than ever known by a local school board.

Both schools are filled to their capacity and by the beginning of next term the district will have become so much more thickly populated that it will be impossible for students to attend the schools in the schools.

When school started at the beginning of the present term, there were many seats vacant, but pupils moving in have enrolled at a remarkable rate.

A committee has been appointed, consisting of City Trustee O. A. Lane, Fred J. Riddle, U. S. Attorney, Attorney F. H. Muhleman and Mr. Dowell, to present one or more propositions to the Glendale people at a mass meeting, which will be held Saturday evening. At this meeting a proposition, which has been under consideration by the school board for the past several months, will also be presented. The citizens are confident that the school trustees have the interest of the city at heart, and for this reason the trustees are receiving much support.

It has been ascertained by past experience that there is an annual increase of 15 per cent. in the number of pupils in the schools.

Based on this basis the trustees conclude that next year eight teachers will be required in each school. In addition the school board will require a teacher and drawing. The salaries now being paid are \$50, \$55 and \$60 a month to the teachers, and \$125 and \$130 to the principals.

MAN'S CONDITION IS SERIOUS.

Wounded in the Arm by Shotgun

Pomona Citizen Stands Chance to Lose the Member.

POMONA, May 30.—The condition of Fred Brue, the young man who was shot in the arm by T. J. Lothrop, a drinking companion on Sunday, is serious. The right arm may have to be amputated, as all of the muscles were shot away with the shotgun in the hands of Lothrop. The latter had pleaded guilty to keeping a "blind pig" at his abode on North Wisconsin street, and has been sentenced to fifty days in jail. He has been fined \$100 for the offense of keeping the bar open on Sunday. He is in jail.

The local Shakespeare Club pleasantly entertained at its annual open meeting at the home of Mrs. G. A. Latimer last evening the program consisted of the reading of "Madame Butterfly," with musical accompaniment by Mrs. William Douglass Turner of Pasadena.

University Star Jordan of Stanford University delivered a lecture on the "Waste of War" at the Unitarian Church last night.

A citizens' meeting, held last evening, was opened with the singing of Fourth of July in a fitting but same manner this year. There will be a parade of floats and decorated carriages, and both day and night fireworks. Committees are now arranging the affair.

The aged veteran's face again became pale with anger as he approached the front of the platform and, in a clear tone, said, "I personally invited the Mayor here today, and I am sure that it is a disgrace to us and to the country. This excuse is like the soldier who, when the command was given to fall in for battle, and the commanding officer sent him to the distance, went to his commanding officer and said his horse was lame."

Again there was loud applause.

Following the exercises Mayor Thum stood at the platform, very sorry that he did not know he was invited and that no slight whatever, was intended. "I always say at public meetings, and I had no idea that I had been invited in any way to attend. In fact, had I thought or understood that I was expected to attend, I would possibly have a speech to correct the mistake."

HEROES REMEMBERED.

Decoration Day exercises were well attended, and appropriate memorials were paid to the nation's dead, not only by the old veterans, whose ranks have been badly depleted, but by those of a later generation.

Hundreds of happy children, accompanied by their parents, went to Lincoln Park during the forenoon laden with flowers to be taken to the

cemetery during the afternoon to be laid on the graves of dead veterans.

The usual exercises at the park were singing and dancing, and patriotic and battle songs were sung and the veteran drum corps played the old thrilling war-time airs.

Following the exercises, the members of the Woman's Relief Corps held their ritualistic exercises about the soldiers' monument in the cemetery.

During the afternoon dray loads of flowers were taken to the cemetery, and every grave, which had been previously marked with a small flag,

was decorated.

Last night the First Methodist

Church was filled with patriotic citizens who listened to a stirring eulogy by Belmont Perry. Perry was not old enough to enlist, but says that he ran away from home three different times to join the army and each time was captured and released due to an accident of age. Nevertheless, he had the fire of enthusiasm and his address last night was graciously received and loudly applauded.

During the afternoon dray loads of flowers were taken to the cemetery, and every grave, which had been previously marked with a small flag,

was decorated.

Last night the First Methodist

Church was filled with patriotic citizens who listened to a stirring eulogy by Belmont Perry. Perry was not old enough to enlist, but says that he ran away from home three different times to join the army and each time was captured and released due to an accident of age. Nevertheless, he had the fire of enthusiasm and his address last night was graciously received and loudly applauded.

## NEWS IN BRIEF.

Heron Seminary Events. A musical will be given tonight at the Los Angeles Seminary, Hermon Hall, one of the most popular amusement weeks, which will close with the graduation exercises on the evening of June 6.

**Swedish Picnic.** The young people's societies of the Swedish Tabernacle, at Lincoln and Francisco streets, held a picnic yesterday at Sycamore Grove, attended by more than 100 persons. The program followed the picnic luncheon; thus, songs "Strid for Sanningen," addressed by Rev. Werner, "Life's Song," "A Life of Love," "The Significance of Memorial Day," and Arthur Hansen, "The Right Life." There were also songs by a male choir and a seated quartette.

**Our War Tribe.** Postmaster W. H. Harrison will attend the annual session of the Postmasters' Association of California, to be held at Lake Tahoe, on the week of June 12. He was president of the organization last year and is a member of the Executive Committee for this. He will have prominent place on the program to be rendered during the week. The president of the association is R. N. Richardson of Sacramento; secretary, F. E. Ellis of Stockton.

## Church Prospering.

A revival is in progress at the Second United Brethren Church, Adair street and Santa Barbara, under the leadership of Rev. Newton McClurkin. Rev. J. L. Parks is pastor of the congregation, which is the result of the union of a new church, the old one having been moved back to be used as a Sunday-school room. Mr. Parks' wife and daughter are in charge. The people of the neighborhood are showing appreciation of their efforts. Federation Club Election.

The election for officers and directors of the Federation Club will be held on Saturday next. The polls will be open from noon until 8 p.m. An evening lunch will be served, in order that members may have the opportunity of dining. Short speeches will be made by Dr. Hugh K. Walker, L. A. Handley, Mrs. Kepell, and the president-elect. At the conclusion of the election, Dr. W. G. Pfeafel, who is pronounced "the Minute-man on the frontier," will speak on "The Minute-man on the frontier."

## Yards and Dovings.

Elliot Beach Yawl will be heard again in the Auditorium on Saturday night, when with an associate artist, she will give a series of delightful compositions. Frank M. Dowd will deliver his popular lecture on "The American Boy." This fine entertainment is for the benefit of the Federation Club, and it is sure to have the patronage of a large number of people. Both speaker and singer are as well known to Los Angeles as any, and no commendation of either is necessary.

## BREVITIES.

Mrs. Lucille Roberts of the Westlake School for Girls will give a demonstration of the Sletcher music method for children at her studio, 616 South Alvarado, Thursday morning at 10:30 a.m. All interested are cordially invited to be present.

Times Branch Office, No. 116 South Broadway, advertisements and subscriptions taken.

Topaz Optical Co., specialty-fitted glasses. Also artificial eyes at 209 S. Spring.

Hotel Roslyn and Natick. Best 25-cent meals. Sunday eve., 25 cents.

Remember Idyllwild. Daily stage from San Jacinto begins June 1st.

## EBELL CLOSES SPLENDID YEAR.

Long Beach Women's Club Report Shows Remarkable Average Attendance at the Various Sessions.

LONG BEACH, May 30.—Long Beach Ebell closed a busy and successful club year yesterday by installing the new officers who will take up the club work early in the fall.

Reported that the new officers showed the club has had more than its share of prosperity during the year, chief of which is that it now has control of its clubhouse at the foot of Myrtle street, having 254 members.

One hundred and eight new members were added to the roll, and receipts for the year were \$241,34, with a balance on hand of \$4,47.

The total attendance at the twenty-nine meetings of the club was \$225, an average of 182. The new president, Mrs. B. D. Daymer, announced as new head of the organization. Mrs. Frank Reid, departments; Mrs. F. E. Young, finance; Mrs. Ed House, decorations; Mrs. F. Green Austin, publicity; Mrs. J. G. Green, brother of Miss Shirley Crosby and Mrs. Frank Reid.

Funeral services will be held at the chapel of Bessie Brothers, 252 Figueroa street, Westwood, on Friday, June 3.

While riding in a bicycile on Pine avenue this morning D. E. Glavin ran the wheels into an intersection of track and being thrown had his colarbone broken. His leg, however, is in the road at some time before he was discovered by passersby. Given medical attention he is reported this evening as resting easily.

The Women of Woodcraft last night elected Mrs. Frank Reid, Mrs. Kranich, Neighbors, Katie Connor, Advisor; Anna Baldwin, Magician; Harriet Buckley, Clerk; Leah Brown, Ethel Williams, Sentinels; Millie Footh, Secretary; and Managers; Emily Hazel, Past President.

Ruth Harrington, aged 6, lost her way on Pine Avenue this morning and was taken to police headquarters where she was recognized by Chief Myles and related to her grand parents, Mr. and Mrs. Ed Musselman of American avenue.

Former residents of Pueblo, Colorado, here today for their third annual picnic, about 200 were present and after a basket dinner enjoyed an informal programme of music and speeches.

Thieves last night broke into the garage of George & Melvin on American avenue and ransacked the place thoroughly. Besides looting the store of a quantity of provisions and tobacco and cigars, the burglars upset the generally, doing considerable damage. Entrance was effected by demolishing the heavy lock of the front door.

## 44 Bushels to the Acre!

is a heavy yield, but that's what John Kennedy of Edmonton, Alberta, Western Canada, and from Glenwood, Colorado, got from his land in that district in that year.

**BAKERSFIELD.** May 30.—(Exclusive Dispatch.) Negotiations for converting into cash the bonds of the Sunset Road Oil Company held by the Kern Valley Bank to the amount of \$45,000 have progressed so far that the company will be liquidated at the end of June. Cashier McDonald to the stockholders met at Woodward Hall Saturday afternoon at 2 o'clock to hear a statement of the bank's condition and to formulate a plan by which the bank may be opened for business.

A necessary part of such a plan will be an agreement by the depositors not to withdraw more than a certain percentage of their account in the event the bank, which was closed by the 12, opens its doors.

John McDonald would not say yesterday what progress has been made toward disposing of the oil road bonds for more than the negotiations are still in progress. Another way in which this disposal is a part of the plan which they hope to work out on Saturday.

## SANTA MONICA.

SANTA MONICA, May 30.—The members of the Grand Army and allied organizations celebrated Memorial Day, assisted by the children of the public schools. The literary and dramatic societies were entertained in Linda Vista Park, Rev. C. W. Wentworth delivering the address of the day. This was followed by a meeting of the unburied dead of the naval engagements. This part of the programme was carried out at the High School and the abandonment of the old franchise will permit the paving of Seventh.

## VITAL RECORD.

## DEATHS.

ANDERSON. May 24, 1911. Frank B. Anderson, aged 40 years.

CHURCH. At 10:30 a.m. Interment at Rossdale Cemetery, Wednesday, May 31, at 11:30 p.m. Interment at Rossdale Cemetery.

CIPRICH. At No. 211 Hollywood avenue, May 29, 1911. Frank B., son of H. H. Ciprich, aged 20 years. Remains at Bessie Brothers. Funeral services will be held at the chapel in Hollywood Cemetery, Wednesday, May 31, at 10:30 a.m.

## Comrades Sleeping in Southern California Remembered

Soldiers' Home.

### ENVY COMRADES IN THE PARADE

#### PATRIOTS IN EXERCISES AT VETERAN RETREAT.

**Former Soldiers Look on With Regret While Stronger Ones March to the Cemetery Where Lie Thousands of Fallen—Speaker Points to Dangers of un-American Ideas.**

(Special Correspondence of The Times.)

**SOLDIERS HOME, May 29.—** The annual parade was held in the Memorial Day observance here. Memorial Day was observed at this veteran retreat with all the manifestations of tender remembrance—more, perhaps, than could be possible in other places—but ever out in this community, compared as it is, exclusively of survivors of the wars.

Each year, age or increase of disability, thus the marching ranks of the heroes on whom fall the honor of paying annual tribute, to their departed comrades.

The verandas were lined with the age-enfaced veterans, whose faces were gloomy with envy as they gazed upon their more fortunate comrades in the parade.

The total number of departed heroes buried at the cemetery here, which includes those of the Mexican War, the Civil War, the Spanish-American War and a score or more who served in some of the Indian wars, totals four times the number of those who participated today in honor to the dead.

The more attractive features of the parade were provided by a large number of patriotic women and children, including the girls of the Neil Langdon as Goddess of Liberty was a striking figure in red, white and blue gown, silver crown, and bearing a silk American flag. The march was presented by Miss Ella Hinsdale, garbed in sailor suit, and bearing the navy insignia with the tiny minnows on her side as streamers.

Miss Rasmus as Goddess of Liberty was a sailor girl, four proudly conscious sailor lads, togged out like "old tars," John Martin, president of the G.A.R. Corps No. 41, made a fine appearance led by his president, Mrs. Alice Schultz, gowned, like the entire corps, in white. The W.C.T.U. girls, bearing the W.C.T.U. banner was Mrs. Jennie Miller, with little Nona Miller and Yvonne Thibault, clutching the armfuls of flowers. The Patriotic Instructor of the corps, was supported by the dainty little Miss Beulah Henderson and Jorraine Moynier.

Following the Neil Langdon school, numbering nearly a hundred, excited great interest. Leading the girls came the Lincoln band, bearing its school banner followed by young women in gowns of white.

Uncle Sam Post, W.C.T.U., which had journeyed from Los Angeles to participate, followed. These women added greatly to the attractiveness of the parade.

A striking effect was seen in the impersonation of "California" by Mrs. Cecil Metcalf. Wearing a gown of golden yellow and crown of gold, she carried a hand-trimmed with gold, the streamers being held by the two miniature "poppy girls," Mary Mix and Yvonne Thibault. These were followed by Appomattox Circle, Ladys of the G.A.R. of Sawtelle.

Color bearers preceding the John A. Martin Post, G.A.R., and following after the school children were: Mrs. Bertha Hargrave, Mrs. Mary Parson, Mrs. Mary Starr and Miss Myrtle Varnay.

Promptly at 8:30 o'clock the column started on its march to the cemetery headed by the Marshal of the day, Capt. C. F. Hartman, aide to P. W. Hultz, N. J. Freeman, F. M. Eddings, and Thomas Kelley; the Home Band; Gov. T. J. Cochane, staff and guard; the children of the Union Veteran Legion Encampment No. 138, under Col. J. W. Edwards; Uncle Sam Post, G.A.R. No. 177; Commander Jacob Shultz, San Pedro W.C.T.U. No. 49, President, Mrs. Josephine Wilkinson; John A. Martin Post, No. 123, commander, Francis McCarren; John A. Martin, W.C.T.U. No. 4; Apparel Circle, No. 28, Ladies of the G.A.R.; home companies of veterans, A.B.C., D.E.F.G.H.I.K.L. and L, citizens on foot.

At the cemetery the services were simple, consisting of the ritual of the G.A.R. conducted while women and children stood by the graves of their fathers.

The chief address of the afternoon was by Col. J. J. Steadman of Hollywood. In the course of his speech he said:

"Of the two millions of men engaged in the conflict to preserve the Union a great number were under 21 years of age. Many distinguished officers were scarcely 30 years of age and hundreds of colonels were under 25 years of age."

The Union was preserved by the young men of the country, and the hospitals were tended by the young women whose average age was below 21. In the records of the War Department we will find that the average age of loss to regiments was greater in single engagements than in any war in the history of this world. Sixty-three single battles lost 60 per cent of all the men they took into action; twelve lost more than 70 per cent and of them lost between 80 and 85.

Events of evil in that day proclaimed the danger to the Republic where this monumental army should be disbanded after the war should cease. But the few now living, who founded the soldier's debt to the citizen, and to the violations of peace as naturally as if his life had not been interfered with by a call to military service, have shown the inherent sacredness he felt for law and order, and the determination he possessed in his heart that the principles he had learned for years to establish should not be destroyed.

The open exercises were presided over by the Governor of the Home, Col. J. J. Steadman and later by vice chairman Comrade J. W. Edwards.

The chief address of the afternoon was by Col. J. J. Steadman of Hollywood. In the course of his speech he said:

"Of the two millions of men engaged in the conflict to preserve the Union a great number were under 21 years of age. Many distinguished officers were scarcely 30 years of age and hundreds of colonels were under 25 years of age."

Sixty-three single battles lost 60 per cent of all the men they took into action; twelve lost more than 70 per cent and of them lost between 80 and 85.

Events of evil in that day

claimed the danger to the Republic where this monumental army should be disbanded after the war should cease. But the few now living, who founded the soldier's debt to the citizen, and to the violations of peace as naturally as if his life had not been interfered with by a call to military service, have shown the inherent sacredness he felt for law and order, and the determination he possessed in his heart that the principles he had learned for years to establish should not be destroyed.

"They have built down there a new South, and the happy, busy commonwealth of that sun-kissed land is rapidly increasing in numbers of inhabitants in the last half century. Its population has doubled, its industries have expanded three-fold and its education has kept pace with its commercial growth."

"If you were to ask me this morning what the signs of the times portend for the future of our country, I would answer that in my judgment

one sad evil omen appears on our national horizon—the magnitude of which is sufficient to cause us great apprehension. The social, political lepers which foreign countries are spawning upon us, by reason of our large luxury in admitting to citizenship the race-savages of every power on the globe is a startling menace to our national purity."

"The individual who preaches the personal liberty that labor should be free that all men entitled to rest not for the masses who seeks to instill the idea that the man who has less than his neighbor, who by thrift, energy and saving has secured a competence for his declining years, has a dangerous character to have among us."

## The Oil Industry.

**HIGHWAY FROM FIELD TO COAST.**  
Guaranty Company's Proposals Heartily Approved.

Interest of Government Due to Fire Protection.

Central News of Interest From Oil Fields.

The suggestion of the Guaranty Oil Company to build a good wagon road from the Midway oil fields to the coast near Santa Barbara is meeting with great interest from residents of the Santa Ynez Valley and elsewhere. The company would follow closely the route of the pipe line to be constructed from the oil fields to the coast by the Guaranty, and would be most fitting for all concerned.

Officials of the government are already taking a keen interest in the plan, for various officials assert that such a road, thoroughly equipped with all brush and undergrowth, and forming the best fire protection section could have. It has been suggested that even a narrow trail will be a solid wall of life, and a good highway would allow the forces to get out from one point to another in fast time, in the emergency of fighting.

The Guaranty Oil Company recently purchased the property of Carpinteria, which gives it 1,000 acres of ocean frontage for pipeline terminus. The right of way for the pipe line has been secured, and at this time, T. O. Turner, superintendent of the company's pipe department, is making his final preliminary trip over the country to see what assistance the northern towns are assisting in every way in the pipeline project, and its success.

Turner is supervising the building of the highway along the route of the pipe line to the station of the company through the Pismo River pass, and has met with instant and unanimous approval. The Guaranty plans to stand most of the cost of the highway, but seeks the co-operation of, and slight assistance from, the city.

It has long been felt that for business and pleasure traffic between Carpinteria and Santa Barbara should be connected by highway, and the scheme now under consideration seems to be the way out. Finally, the business men of Carpinteria are feeling very optimistic over the highway that has made toward realizing their

EVIDENCE IS LACKING.  
Night Watchman Arrested as Alleged Hold-up, Released When Complete Identification Fails.

Though a victim of the highwayman who held up George Edgar Scarborough was one of the two bandits who robbed J. J. Doyle's saloon at Vernon, Scarborough was released by Capt. Flammer yesterday afternoon. Other men who had been held up by the bandits at this saloon were unable to identify them.

It was intended, in case the case against Scarborough here failed, to turn him over to the New Mexico authorities. A telegram, however, received yesterday from Fred Fornoff of Deming, captain of the New Mexico state police, stated that owing to the lack of time, Scarborough had been indicted for horse theft, the evidence against him could not be relied upon, and the District Attorney would not sue him.

Scarborough, throughout the time he was in the City Jail, maintained that he had been living a peaceful life. While he was arrested, he was employed by the Republic Iron Works as a night watchman. He has a wife and two small children. He declared that he will leave the city.

At the City Hall.

**GARBAGE WORK ON NEW BASIS.**

CITY PLANNING TO TAKE OVER THE ENTIRE SYSTEM.

Board of Public Works, Council and Contractors to Discuss a New Deal Tomorrow Night—Fifteen Months Contract While City is Equipping Itself.

A meeting of the Council, the Board of Public Works and the proprietors of the V. D. Reduction Company, which has the contract for the collection and disposal of garbage, will be arranged for tomorrow night to discuss a reconstruction of the entire garbage situation, and which will be for its ultimate purpose, the taking over of the work by the city.

The company has been asked to have ready at this meeting a proposal as to what it will undertake the collection for the proposed fifteen months, the end of which period the city expects to be equipped to do the work under a bureau of the Board of Public Works.

This, of course, means the cancellation of the existing contract, the making of a new one for fifteen months and the formulating of a definite policy for the handling of the garbage question in the future.

While the board is not committed to this, it will probably show a leaning toward the indemnification process. Any method, according to Inspector Humphreys, will be considered. The city already owns an incinerator, for which \$15,000 is paid, and which is not yet paid for.

It is now used as a garbage consumer but is rented to a rubbish utilization company for \$2000 a year.

The contractors of the northern section of the city are assisting in every way in the pipeline project, and its success.

Turner is supervising the building of the highway along the route of the pipe line to the station of the company through the Pismo River pass, and has met with instant and unanimous approval. The Guaranty plans to stand most of the cost of the highway, but seeks the co-operation of, and slight assistance from, the city.

IN THE LOST HILLS.  
MANY STANDARD RIGS.

[Local Correspondence of The Times.]

BAKERSFIELD, May 29.—The Guaranty Oil Company has received two of the eleven standard rigs which it has contracted to purchase in its property in the Lost Hills, recently purchased from Martin & Dudson.

Five or six of the rigs have been sold to the field, and the others will be out soon as soon as they can be obtained. It is stated here that the company proposes to go into production, but the drilling will be started so as to prove the terrain covered by the Universal's purchase.

This, of course, means the cancellation of the existing contract, the making of a new one for fifteen months and the formulating of a definite policy for the handling of the garbage question in the future.

A PITY.  
England owns the Kohinoor, the finest diamond in the world. What a pity it is that, with such a fine diamond, they do not take more readily to the noble game of baseball on the tight little island!

A BIT EARLY.  
Some of the eastern wiseacres are predicting that Secretary of War Stimson of New York will be President Taft's running mate next year. In that case we suppose that Col. Roosevelt would lend his hearty support to the ticket.

THE PEASANTRY.  
It is said that the Queen of England is arrayed against the present styles of dress worn by English ladies. Perhaps she is smart enough to recognize her deficiencies. It isn't every woman who looks well in a low-necked dress. No, indeed.

THAT PEACE PACT.  
Secretary Knox does not advertise just what he is accomplishing with the proposed international pact of arbitration that he is working out with Great Britain and France. The Secretary is merely sawing wood. What a triumph it would be if these nations should join hands and command the nations of the world! And they could do it.

WHY DON'T THEY?  
"Free wool" was the cry of the Democrats in the last Presidential election. It has been the same howl for years and the demand has been backed by Bryanites. But, with accession to power in the House, the Democrats flout the idea of free wool, and it is understood will compromise on a tariff of 5 cents per pound. Why don't the free traders stand pat?

COLORED TICKETS.  
Not imposed in Mexico that colored tickets be used at the coming Presidential election so that illiterates who cannot read may know by the hue of the ballot which side to take.

If a scheme of this nature were to be put into practice in the United States it would help some, too, although it might result in destroying the secrecy of the ballot.

With colored tickets available, the Irish would doubtless select green ballots, socialists would select red, negroes would demand black, and so on and so on. The man with a grudge—and there's always a good many of him—would, of course, desire a blue ballot.

BRYAN AGAIN.  
According to the news from Washington Mr. Bryan is still in control of the Democratic party. More startling than that, there are rumors that the "peerless leader" will again place himself at the head as the candidate of the party for President in 1912.

What Mr. Bryan counts on is that there are certain "alleged" Republicans calling themselves "insurgents" in some places and calling themselves something else in other places who stand ready to knife the party unless their own candidate is nominated as the Republican standard-bearer.

We don't know just how heavily Bryan can bank on this situation, but he probably is giving a good deal of encouragement in the camps of the knifers whose policy is to rule the Republican party or to ruin it.

BIG BUSINESS, BIG TREES, BIG MEN.

According to the policy of "progressing backwards" advocated by insurgent Republicans, it is time to cut down the big trees in the Calaveras grove. They have grown despite the storms that have descended upon them, of the borers that have thrust their little barks into them, and of the mice that have chipped and chattered and gnawed as they ran up and down the barks of them.

Big business is an outrage that must be stopped.

Big railroads, big banks, big manufacturing companies are all outliers.

Having a big country governed by big men is an outrage. Progress is an outrage.

According to the doctrines of the muck-rakers we need more exposures and more complete exposures of the iniquities of big business. We need more yellow journals and more muck-raking magazines. We need to stop enlarging things and to begin ensmalling things. We need to put an end to the shoe factories and restore the small bootmakers' shops. We need to close the great forges where horses are made by the thousand by machinery, and to open the blacksmith shops where they can be made by hand one at a time. Let us have whale oil instead of electric lights, cordwood instead of railroads, 100-ton sailing ships instead of 20,000-ton ocean steamers, and fifty little shops in place of one department store.

The apostles of insurgeny made a beginning in the way of substituting small men for great men in public office when they sent Works to Washington to slash around in the place made vacant—and very, very vacant—by the outgoing of Senator Frank Flint. The politics of California degenerated with a dull, sickening thud down the elevator shaft from the roof to the ceiling when we went from clear-headed, patriotic Gillett to brawling, pedeum-waving Johnson.

But there's a chance to go lower. There is the kumbak, the kibosh, and the ker-sosh to vote into the Constitution, and the city charter to patch and keep patching.

We can, with determined and industrious effort, whittle everything down to a point and then whittle off the point.

"WARE HAWK!"  
It will be wise to eliminate the "kings-and-creation" class from the curriculum of our political education. That the immense resources of the United States in men, and money, and ability to rapidly prepare for battle on land and sea would enable it, should the necessity arise, to successfully contend with any nation or combination of nations may be conceded. We can have, in the nature of things, no quarrel with any European power. It is not remotely possible, now that Spain has relinquished all claim to any of her former possessions in the Western Hemisphere, and the Monroe doctrine has been acquiesced in by England and Germany, for any cause bellic to arise between any European nation and the United States.

If a war cloud should appear in any quarter of the heavens it will be in the West. Between us and any European nation lying between the North Sea and the Mediterranean there are ties of kindred, of language, of customs, of dress, of laws, of literature, of religion, and of race. And, while such ties have not always averted war between nations, they have often served to promote peace. Between the Russian, the Scandinavian, the Englishman, the German, the Belgian, the Frenchman, the Italian, the Portuguese, the Spaniard and the American there exists no race antagonism. They live in each other's cities, they are partners in trade, they borrow each other's money, they marry, they meet in social intercourse, they wear the same dress, listen to the same music, worship in the same tabernacles and applaud the same dramas. English translations of Sardou's plays are performed nightly in American theaters, and Shakespeare's dramas may be seen at the Comedie Francaise, Caruso crowds New York opera houses, and American prima donnas have filled La Scala at Milan with delighted audiences.

But with Asiatics we have absolutely nothing in common. Our civilization is in the blossoming period of its growth. Theirs ripened and rotted while our ancestors were still drinking blood from the skulls of their enemies or shouting Aves to Caesar along the Appian Way.

Until this last half-century the people of the most eastern of the Asian nations have been content to keep themselves to themselves and have avoided, rather than sought, other than commercial contact and intercourse with Americans and Europeans. The motto of both the East and the West has been that of Shylock, "I will buy with ye and sell with ye, but I will not eat with ye, drink with ye or sleep with ye."

Out of this isolation and self-contentment of centuries Japan has suddenly and startlingly emerged. Her progress in westernization has been made with wonderful rapidity. The Tycoon, or spiritual Emperor, if not absolutely eliminated, is in fact of fief. The Mikado has become a constitutional monarch, and republican representative government is in process of being established.

The fatalism which is a part of the faith of Shintoism, Buddhism and Mahometanism makes of its votaries soldiers who not only do not fear death, but absolutely welcome death in battle, for such is considered a sure passport to Paradise. When to soldiers and sailors holding this faith there is added discipline, skill, and the knowledge how to fight according to western tactics and with the latest improved western arms, a force is created whose power it is not well to underestimate, especially by the nation that offers the nearest and most tempting opportunity for a victory.

Already we have a long free list on Canadian products entering this country and some of them considerably to our economic and industrial detriment.

About 99 per cent of the imports into the United States from Canada are affected by the proposed reciprocity agreement: the remaining dutiable imports are less than 10 per cent. Articles now dutiable which it is proposed to make free, 76.49 per cent; articles on which a reduction of duty is proposed, 19.45 per cent.

Duties to be remitted by us.....\$4,549,923 Duties to be remitted by Canada 2,560,923

Gain to Canada, yearly in duties only .....\$2,289,354

Where is the "reciprocity" (equal advantage) in the foregoing?

Now take our principal exports to Canada in 1910:

Bituminous coal .....\$17,986,316

Anthracite coal .....10,730,646

Cotton, raw .....1,672,201

Lumber .....1,558,687

Fruit and nuts (almost all fruits) .....6,183,012

Corn .....5,577,199

Automobiles .....5,021,043

Agricultural implements .....4,231,198

Books, maps, etc. .....3,346,293

Structural iron and steel .....3,260,000

Hogs and horses .....2,712,706

Chemicals, drugs, etc. .....2,569,568

Electrical appliances .....2,470,475

Coke .....2,077,000

Wire .....2,025,580

Braids and manufactures of... Rubber goods .....2,011,608

Twine .....1,762,443

Tobacco, manufactured .....1,672,254

Timber, bewn and sawed .....1,628,742

Electrical machinery .....1,577,483

Pipes and fittings .....1,492,465

Mineral oil, crude .....1,371,391

Confectionery of... Wheat .....1,351,187

Lard .....1,296,123

Flour .....1,063,402

Meat .....1,086,625

Cotton goods .....1,023,980

Canned pickles and sences .....1,053,090

Wool wearing apparel .....97,981

Clocks and watches .....972,757

Furniture of wood .....915,122

Other principal exports to Canada in 1910

were cattle, wheat, flour, railway cars, cop-

per, fertilizers, hay, billets and ingots, steel

rails, metal-working machinery, sewing ma-

chines, locomotives, typewriters, jewelry,

sole leather, marble, beef, bacon, ham, res-

in, turpentine, illuminating oil, lubricating

oil, phonographs and potatos. Our total

exports to Canada in 1910, calendar year,

had a value of \$241,809,223, in spite of the

one-third tariff preference which Canada

allows on British goods—really a discrimi-

nation against American goods, as the

United States is by far Canada's largest

source of supply for imports. If we do,

what are we doing, all that, why should we

"reciprocate" our great market of 93,000,000

people for Canada's relatively small market of 7,500,000? From this viewpoint, also

based on experience, however much Canada

needs reciprocity with the United States,

the United States certainly does not need

reciprocity with Canada. Every dollar's

### MY IMMORTAL ROSES.

My roses, ah, my roses, you shall never, never die,  
Though your petals fall about me, softer than a mother's kiss,  
You shall have your part in glory, as men deem it, as they dream it,  
You shall have your share of glory, be it of the earth or sky.

My roses, ah, my roses, by the fragrance of your breath,

I have known you for immortal, your eternal secret guessed;

I have found life's seal is on you, even though there stirs upon you Dreams that tide earth's little children to the new life that is death.

My roses, ah, my roses, you have thralled my reason's chain

By the gleam of stars in dew drops, by the faith that never asks,  
By the tears of mothers captured, by the souls of children raptured.

You are of the song of silence, you are of the deathless strain.

My roses, ah, my roses, little sisters of my soul;

With your bounty for the beggar, with your vision for the blind—

When the hearts of men are broken, with the anguish never spoken,  
At her bier, the souls of roses with the touch that makes us whole!

My roses, ah, my roses, one with those whose hoary eyes

Know to look with welcome for you, know to look and not in vain,

Where the younger wings are beating, wings of light their joys repeating—

Those who wait the souls of roses at the gates of Paradise.

Though your rising, ever upward, be as bird or butterf—

I am using God's full measure, I who stretch my hands to you

Though you have the flight of eagles or shall rank the lesser regals,

Still, the thing that makes you roses yet shall greet the thing am I.

HENRY CHRISTEN WARACK.

### WOMAN'S DESTINY.

Written for The Times.  
If nature gave to man pre-eminence, And law gave sanction to the stern decree, Who shall gainsay the gift? Man's destiny Is unrepeatable purpose; woman's lot To be content withal. The throne Queen, Serenely smiling from her worldly height, Scans with majestic mien her heritage, Nor asks if there be higher powers to rule Thus the true woman, priestly in her power—

As chastened by that highest boon of love Which makes e'en beauty incorruptible— Woes of all the triumphs which her future holds

Through the broad portals of some manly fate,

Nor questions whether she a sovereign have,

Or if she be in bonds, or if enslaved;

And, if so, leaps exultant in her chains,

But hapless she who treads an emprise Edged round with high ambition's purpling crest—

What views her gifts like icy pendants' gleam

Amid the starry stillness of a lonely fate;

WEDNESDAY MORNING

*Pen Points: By the Staff.*

To the tobacco trust, greeting: "Smoko."

Now they are calling him Hon. Woudarson.

What we need in this town is a scrooge against mayoralty bees.

The moon does not work as many hours in the sun, but very often it sees more.

poetess sings, "It will not always be day." No, dearie! Tomorrow it will be.

The Senate still sizzles in Washington, does nothing. Why is Congress, any?

One of the sons of Mr. Justice Harlan is Presbyterian clergyman. A dissenter, of course.

The proposed increase in barbers' prices is a strong incentive to boom the white habit.

that Jake Mohonk conference is again in session. Does it ever adjourn? And is it all about?

Sijj is the name of the new sovereign of Tasmania. What will the newspaper poets with that combination?

All sorts of sports were in evidence in Los Angeles yesterday. One of these days we'll have the aviation relay.

and now the Clentificos are making trouble in Mexico and the cost-tall of Senor Mo appears to be smoking.

Jaffy is the name of the newest English dreadnought. Quite applicable if she has any trouble with Uncle Sam.

Milwaukee persists in her desire to be ours for something she would better be ours for beer than Victor Berger.

so to complain if everything is not done according to your views. This is the family old and none of us are sprouting wings.

President Taft's "Future" is a New York exchange. It is settled for our old job for four years from March 4.

We have seen no notice this summer of wherries "as large as hen's eggs," but growers about Los Angeles are raising oysters.

The East all records for heat are set. In Los Angeles it is the business that are sent skyward. And there is quite a difference.

With the opening of June we have a curtain. What has become of Judge Al. B. Parker and that famous old swimmer at Esopus?

another special election booked for Tuesday. They are about to "recall" the phenomenal growth of the town, as indicated by the census figures.

Jeffries has started back to his dear Los Angeles, not even remaining for coronation. He will be missed "among us present" at the high-fins.

Something always doing in the South American countries. The Peruvians and Chileans are now trying to get the ballast out of each other. Break away!

is said that on the red claws of the sixteen-year locusts may be seen a dis-

marking of the letter W. That means Drew Wilson for President next year.

is a question whether the establishment of a postal savings bank in Los Angeles would coax out much money. The rate interest paid by the government is but 2 cent.

Explorers may have found the remains of Jebusites, but we thought what they were looking for was the Presidential boom. That has never been heard.

autoists and others would heed the saying, "Stop, Look and Listen." There are fewer crossing accidents. This is post-mortem advice, but it is to be noted.

Announced that several of the world's candidates for the Democratic Presidential nomination will visit the Pacific Coast summer. Is there no remedy for this?

D. Rockefeller saves \$41 on his personal tax return this year as compared last year's. Well, that will help a few who have been hit pretty hard by supreme Court.

one of these days Memorial Day will be celebrated, as it was intended, as an occasion of national tribute to the soldiers who fought for the Union might be saved, and not given over to sport.

William S. Gilbert, the comic opera artist, is dead. Remember "Pinsafe," "Princess of Penzance," "The Mikado" and the like he wrote in collaboration with Arthur Sullivan? This gifted pair set that has never been followed.

SEEING.

from my window under the eaves

are the birds fit and the birds fit to

there are nests to be built and nests

that have been,

out on the air the love-songs float

the ruffle and ripple of each little

the trackless blue of the sky

a wan cloud is passing by;

winds without are whispering tales

the southern calms and the northern

over it all the bountiful sun

feasts a feast of gold for everyone.

the beautiful, peaceful world above,

everything tells of eternal love,

the longing soul of man may know

by love alone the soul can grow,

the wonderful heights it would attain,

the wonderful life it would gain!

## Events in Local Society

**N**ATTY NIGHT at the Kirmess in San Diego was a merry success and many well-known Angelinos were among those present. Mr. and Mrs. Frank Pixley entertained with a party and their box was draped with American flags and the Navy colors. The guests were General Thomas, commanding the Pacific fleet; and Mrs. Thomas; Admiral Stettheimer (retired) and Mrs. Schreiber; Rear-Admiral Sutherland, Capt. Bennett of the South Dakota and Mrs. Bennett and Capt. Gilmore of the Maryland. The guests were in full dress uniform, which added the smart touch which only brass but-

**For Bridal Party.**  
Miss Clara Mercereau, whose weddinng to Robert Swigart will be one of the last events of the year, was hostess at a supper party last evening at the Los Angeles Country Club, given by members of her bridal party, who include: Mr. and Mrs. F. Irwin

Mrs. Charles Henry Harlow,  
who, with Capt. Harlow, is domiciled at the Alexandria.

town and gold braid can. Previous to the performance Mr. and Mrs. Pixley entertained their guests at dinner at the Grant Hotel, where a wealth of beautiful flowers adorned the tables. These beautiful red roses were interspersed with streamers of red silk and at the close of the repast were disclosed to be formed into bouquets which were presented to the ladies in attendance who carried them to the Kirmess.

## To Introduce Mails.

Mr. and Mrs. Alvin, daughter of Mr. and Mrs. Willets J. Hale of West Bush street, who will be married July 12 to Samuel Rindge who graduates this year from Harvard, will preside June 14 at a large tea party. Miss Hale has asked her guests to wear white, which includes Miss Rhoda Rindge, who will assist as maid of honor, and Miss Hilda Welch of Kentucky, Miss Marion Coops of Boverman, Mont., Miss Anna Hyatt of Boston, Miss Florence Shimer of Milton, Pa., and Miss Margaret Miller of this city, who will serve as maidens. The hostess will be assisted by Mrs. William Hamlin, May Rhodes, Mrs. William Hamilton Cline and Miss Helen Brant.

These young attendants will arrive in Los Angeles the morning of June 12. Marriage affairs will be given in their honor.

Mr. Rindge has asked his brother, Frederick Rindge, the nephew of the late Mr. and Mrs. Clarence L. Phillips, to be best man. The usher will be David Brink, Roy Bayle of the class of 1912, and Everett Bennett, William Denis and Mr. Browne, classmates of Mr. Rindge at Harvard.

## Covers for Seventy.

Miss August Marquis of No. 2202 West Twenty-fifth street, will entertain Thursday with a luncheon and fifty hundred party. The home will be decked with pink blossoms and there will be covers for seventy friends. Mrs. Marquis will be assisted by Mrs. A. H. Koebig, Mrs. Walter Wallkett, Mrs. Meyer Strelitz, Mrs. George Gropkin, Mrs. C. B. Dinsmore, Mrs. F. W. Bea de Zant, Mrs. E. J. Brent, Mrs. Mathew W. Everhardy, Miss Alma Wiesenbach, Miss Conchita Apakian and Miss Cecilia Gropkin.

## Good News.

Miss Stanley Marion Knight, formerly Mrs. Minnie Sutton, is settling in the vicinity where she will remain a few days before leaving with her sister for the East. While away they will visit Mr. and Mrs. C. A. Janes of London, who are touring Europe in their private yacht. Miss Janet and Mrs. Knight were schoolmates in Berlin. The party will later go to Mrs. Knight's cottage at Oceanographic, Wis.

## At Alvarado.

Mr. A. G. Stearns of Hotel Alvarado entertained recently with a dinner of six covers.

## At Venice.

Mrs. C. S. Kellum and daughter, Miss Minnie, are at Venice, where they will spend the summer. Miss purpose.

## PERSONAL.

J. J. Moran of the Palace Hotel, Seattle, is staying at the Haywood.

Dr. W. A. Lindsay, who has proposed marriage, is registered at the Angelus from Seattle.

H. H. McGuire, an oil operator in the Taft district, is passing a few days at the Van Nuys.

J. J. Braun, a New York attorney, is making his home at Hollenbeck.

Mr. and Mrs. E. Brocklebank of Berlin are German tourists occupying room 102 at the Westin.

Harold E. Morris of the Forest Service is registered at the Haywood from Washington.

D. C. Dorrington, Pacific Coast representative of the International Harvester Company, is staying at the Lankershim. He is from San Francisco.

Cecil E. Farr, a Canadian financier, is registered at the Alexandria from Toronto.

S. D. MacFarland, a shoe manufacturer of St. Louis, is a guest at the Westminster.

J. E. Green, an oil and mining broker of Marquette, with his wife, is at the Lankershim.

Dr. Roy E. Martin, surgeon for one of the mining companies at Las Vegas, is passing a few days at the Angelus.

James H. Fannin, of the wholesale hat company of Fannin & Elmendorf, San Francisco, is at the Alexandria.

Fred Hogue, general manager of the San Francisco Post, is in the city, a guest at the Westminster.

Frank Lovett, a Boston real estate operator, is passing a few days at the Angelus.

Mr. and Mrs. W. Lindgren of Washington are occupying apartments at the Hollywood. Lindgren is with the United States Geological Survey.

E. T. Flory, a land operator of La Paz, Mex., is registered at the Van Nuys.

J. E. Anderson, fruit packer and orchardist of Medford, Or., is registered at the Alexandria.

J. B. Harrison, a retired merchant of Peoria, is staying at the Hollenbeck while here visiting friends.

Dr. E. J. Gibson, Mrs. Gibson and Miss Eva, a party of tourist guests registered at the Lankershim from Ft. Atkinson, Ark.

J. E. Troel and wife are San Franciscans staying at the Alexandria. He is president and manager of the Thomas Auto Tire Company.

Dudley E. Warner, Charles N. Phelps and Charles White are guests at the Alexandria. They are number operators of Michigan and are registered from Grand Rapids.

W. J. Walsho, a merchant of San Pedro, staying at the Hollenbeck two-months, is in Hawaii where he went for the benefit of his health.

Mr. and Mrs. W. A. Doyle are occupying a suite at the Angelus. Doyle is an official of the Ocean Shore Railway Company, San Francisco.

W. W. Whiting of Springfield is engaged at the Haywood. He is Coast representative of the Flax Auto Tire Company.

Philip and Charles White are guests at the Alexandria. They are number operators of Michigan and are registered from Grand Rapids.

W. J. Walsho, a merchant of San Pedro, staying at the Hollenbeck two-months, is in Hawaii where he went for the benefit of his health.

Mr. and Mrs. W. A. Doyle are occupying a suite at the Angelus. Doyle is an official of the Ocean Shore Railway Company.

R. T. Belcher, mining man and ranch owner of Mazatlan, is staying at the Hollenbeck.

Mr. and Mrs. W. C. Speague are passing a few days at the Alexandria

on their way to Shanghai, where Speague is interested in the United States Geological Survey.

F. Mattoire of San Francisco is at the Van Nuys. He is auditor for the Southern Pacific, and is on his way to Chicago.

W. W. Whiting of Springfield is engaged at the Haywood. He is Coast representative of the Flax Auto Tire Company.

Dudley E. Warner, Charles N. Phelps and Charles White are guests at the Alexandria. They are number operators of Michigan and are registered from Grand Rapids.

W. J. Walsho, a merchant of San Pedro, staying at the Hollenbeck two-months, is in Hawaii where he went for the benefit of his health.

Mr. and Mrs. W. A. Doyle are occupying a suite at the Angelus. Doyle is an official of the Ocean Shore Railway Company.

W. W. Whiting of Springfield is engaged at the Haywood. He is Coast representative of the Flax Auto Tire Company.

Philip and Charles White are guests at the Alexandria. They are number operators of Michigan and are registered from Grand Rapids.

W. J. Walsho, a merchant of San Pedro, staying at the Hollenbeck two-months, is in Hawaii where he went for the benefit of his health.

Mr. and Mrs. W. A. Doyle are occupying a suite at the Angelus. Doyle is an official of the Ocean Shore Railway Company.

WEDNESDAY MORNING

Arizona.

## WORKING HARD FOR GOOD ROADS.

Prescott and Phoenix Pulling Together Like Team.

Citizens of One Town Given Banquet by Other.

Scratch My Back, I'll Scratch Yours, the Idea.

J. B. Russell,

Special Correspondence of The Times.]  
PRESCOTT (Ariz.) May 29.—Since yesterday afternoon, the citizens of Prescott, with the officers of the Chamber of Commerce well in the lead, have been busy in the arrangement of a hundred or more residents of Prescott here on a return trip to Phoenix a few weeks ago under the auspices of the local commercial body. The Chamber of Commerce is a lively organization, which determined to bring prosperity to the city, its prosperity failing toward the end of the establishment of a summer colony in the outskirts of the city, where lots among the pines have been offered free to all Southern tourists, who shall agree to build upon them. About thirty of the lots have been taken by residents of Mexico and the construction of a number of bungalows already has been started.

The welcome extended the visitors was of the heartiest kind. The programs of entertainment included a meeting at the Hotel El Ranchito, with present, a reception to the visiting women at the Yavapai Club and automobile trips around the city and vicinity. The business, where President Frederick D. Clegg, new Chamber of commerce was toastmaster, was "reciprocity" and every speaker urged the necessity for co-operation between the citizens of the two cities for the benefit of all. One of the principal speakers was Gov. Sloan, and a resident of Prescott who has been in Phoenix on official duties the past part of the year.

CLEARED WITH NEW ROAD. The visitors were especially pleased at the trip provided along the 100 miles of the highway now being built by the Territory Board of Control, southward from Prescott, intended to extend northward to Phoenix a distance of about 100 miles. The road through the covered hills has been kept ready and low gradients and is of good quality. The new road system is being extended so that the territory income for the year will be utilized and eventually will connect with the main road from north to south will be its northern terminus at the head of the San Canyon and its southern at the head of the Coconino corner of Arizona, with another main highway that will run northward, from Tucson through the Gila Valley and east and westward via the Roosevelt Dam to Phoenix.

Also Finds that Fred Hendee Who Drove the Juggernaut Was Guilty of Criminal Negligence in Leaving His Victim in the Street and Driving Away.

[BY DIRECT WIRE TO THE TIMES.]

SAN BERNARDINO, May 30.—[Exclusive Dispatch.] The coroner's jury investigating the death of Raymond Pattee, Santa Fe engineer who was killed last Monday night by an automobile driven by Fred Hendee, former policeman, and occupied by J. Amarias and G. W. Smith, police officer, found that the driver on Monday night returned a verdict finding Pattee's death as the result of accident and misfortune, but finding no criminal negligence on the part of the driver or occupants. But the jury does find criminal negligence on the part of all the occupants in that they had been under the influence of drink from the scene of the accident, and recommends a searching inquiry by the District Attorney. Acting on this recommendation, Dist.-Atty. R. H. Goodell late tonight swore out a warrant charging Pattee with driving while under the influence of drink, and charged manslaughter, and the accused was immediately released on bonds.

KOREAN TEACHERS IN JAIL.

Two Mohammedan Globe Trotters Are Amazed at Being Arrested in Christian Los Angeles.

Alexander Daniel and John Andre, arrested last night at the corner of Ninth and Main streets by police officers, who had stopped them for a charge of vagrancy, told Deak Sergeant Smith that they are Mohammedan priests here in California as missionaries. The men are Arabs and have traveled all over the world, living on charity and preaching the Koran.

Their first snag, they said, was struck when they came to Christian Los Angeles, and they complained bitterly that missionaries should be put in jail like criminals.

CRIMINAL NOTES.

Smith has captured Manuel Alvarado, accused of knifing Jesus Alter, at Seligman, May 9. Flores, was chased by three officers, managed to get away until a couple of hours when he was found walking along the main line of the Santa Fe. His victim, at first thought dead, is now out of the hospital and recovering.

Alvarado Gallegos will be hanged in the Territorial Prison at Florence, for the murder of Louis D. Ladd at Huachuca, May 22. He was guilty and asked mercy on the ground that he was drunk at the time of the killing. His defense entitled to consideration he was a fool to give me the gun but it once.

Frank Clegg, who killed his wife and has been found guilty of murder in the first degree and is to be executed the same day as Gallegos. A man who has been serving 15 years in the penitentiary, for the murder of Lee Murphy, his brother, near Camp Verde, last fall.

ACCIDENTAL DEATHS.

The Arizona Power Company, accidentally killed Friday night, a substitute plant in West Prescot, where he came in contact with a voltage of 46,000. He is a reliable man, lost consciousness in electrical shock. He lives with his wife from Denver a year ago and was aged about 40.

Monday, Patrick M. Gavin, a resident of Flagstaff, suddenly died in his home, later by the falling of a railroad car which he was moving, was a Kentuckian, who had followed the trail nearly all his life and who was connected with the tracklayers in the West. He was foreman of the tracklaying gang for the Atchison, Topeka and Pacific Railroad through Arizona and since that time had the Territory his home.

The Coroner's inquest was held in the Wright Williams. A slight bruise on the forehead indicates that the right side of the brain was injured, but the Coroner's returned a verdict of death from cause.

The Frank Chamber of Commerce has passed resolutions of censure with respect to the action of a local skating rink, to which it was open to soldiers in the neighborhood. It is understood that it is the proprietors of the rink to the influence of labor.

The statistics which have been compiled by the Congressional Committee show that from the reports received from 357 railways operating 178,710 miles, on which are 2411 mail routes, these railways re-

# Entire City Aroused

## At the Piano and Player Piano Bargains in Eilers Trustee Sale of the Magnificent Brown & Co. Stock

\$87,000 worth of the highest grade pianos that the best manufacturers can produce have been sent by the trustees of the Brown Company to Eilers Music House. They are sent here to be sold, to be turned into cash or interest-bearing paper, no matter what the sacrifice and regardless of the loss involved. Never have prices been cut and slashed to such an extent as now. Remember this—we reserve nothing. Our orders are to sell, and sell we will. We received no restrictions regarding the prices to be asked. But we were told to act quickly and decisively. And we have done it.

Hundreds of the most beautiful pianos are now marked at a third or half less than their actual wholesale price and will go for less than it cost the manufacturers to produce them.

We will accept any offer you may make, within the bounds of reason, on any piano in the store.

Never has there been such a sensational sale as this. Brand new instruments, twelve of them, worth \$450, \$500 and \$600, grouped on the floors and reduced.

\$137 Superb Deckers, Steinways, Chickering, Webers, Hazelton, Schuberts, Shumanns, Knabes, Krakaers, for prices that will make piano-pricing history.

Almost any amount, no matter how small, will now buy a splendid piano.

Gavin, a resident of Flagstaff, suddenly died in his home, later by the falling of a railroad car which he was moving, was a Kentuckian, who had followed the trail nearly all his life and who was connected with the tracklayers in the West. He was foreman of the tracklaying gang for the Atchison, Topeka and Pacific Railroad through Arizona and since that time had the Territory his home.

The Coroner's inquest was held in the Wright Williams. A slight bruise on the forehead indicates that the right side of the brain was injured, but the Coroner's returned a verdict of death from cause.

The Frank Chamber of Commerce has passed resolutions of censure with respect to the action of a local skating rink, to which it was open to soldiers in the neighborhood. It is understood that it is the proprietors of the rink to the influence of labor.

The statistics which have been compiled by the Congressional Committee show that from the reports received from 357 railways operating 178,710 miles, on which are 2411 mail routes, these railways re-

This is Our Biggest Effort

So far as we know it has no equal in any respect.

The price cutting—severe as it is, is but a detail.

The heart and soul of this great money-saving effort is the quality of the pianos and musical instruments.

The magnitude of the assortment is another forceful argument.

Nowhere else can you find so many high-grade, strictly brand new instruments under one roof.

It's a veritable exhibition of all that's best and worthiest in the musical world.

Then consider the sacrificed price and this chance is mighty significant.

It enables you to get the world's best instruments at the prices of the medium grades.

It's opportunity spelled with capital letters.

But you better act quickly!

Come tomorrow—early!

All Makes of Talking Machines

RAILWAY SPIKES.

The "spud special" is a fast freight now running between Wyoming, Texas and Chicago for the purpose of carrying the new potato crop to the latter city. It is expected that by the middle of June \$2,000,000 worth of spuds will be shipped on it. It runs over the Houston and Texas Central, the Texas Midland and the St. Louis and San Francisco.

April 12, 1911, 214 vehicles passed through the canal at San Diego, Mexico, of which 183 passed through the United States Canal and 13 through the Canadian.

The anti-pass bill has been killed by the House Committee on Railways.

The Kansas City Southern is running special freight trains to carry strawberries from the Missouri and northern Arkansas to Kansas City, Mo.

The United States Express Company has commenced suit against the Mayor and police department of Jersey City to recover \$250,000 damages for failure to provide proper protection for the company during the recent strikes, and for failure to suppress rioting.

The statistics which have been compiled by the Congressional Committee show that from the reports received from 357 railways operating 178,710 miles, on which are 2411 mail routes, these railways re-

ceived less compensation for handling the mails than they receive for handling express matter; and that considering the cost incurred by the railroads in handling the mail, the compensation they receive is less for carrying the mails than for any other service.

The heat-tempur proofing process is exciting attention among railroad men. It consists of placing the articles to be treated in a muffle and heating the muffle so that the metal is opened.

The heat-tempur proofing process is exciting attention among railroad men. It consists of placing the articles to be treated in a muffle and heating the muffle so that the metal is opened.

The Missouri Pacific learned that certain conductors, porters and brakemen were carrying passengers and less than the established tariff rates, and were keeping the magnetic oxide on the metal. The time required is from one-half hour to one and a half hours, depending on the character of the steel. It is

claimed that the surface is not materially added to, and that it is possible to reach a depth or thickness of one-half inch without any damage.

The "compound of chemicals" is patented.

Rio Grande Construction Company for a line between El Paso and Brownsville. The route follows the valley of the Rio Grande, through the towns of Laredo, Roma and Rio Grande City.

PLOT REVEALER  
MAY APPEAR.SPECAULATION OVER NEW TURN  
IN GRAND JURY ACTION.At Conference of Union Bosses it  
Is Determined that the Unions  
Will Defend Men Indicted for At-  
tempted Dynamiting of the Hall of  
Records.There is great interest in the re-  
suming sessions of the grand jury  
investigating the attempt to dynamite  
the Hall of Records, because it is ex-  
pected that the man who telephoned  
the warning of the plot to the police  
will be a witness.It was thought that the grand jury  
had completed its work in the Hall  
of Records case when it returned true  
bill against Bender, Connors and  
Maple, and its statement is that it will  
require the rest of the week to arousé  
speculation. The grand jury will  
reconvene this evening at 10 o'clock  
and it is confidently expected that the  
unknown informer will be produced  
with a witness.In a conference held yesterday be-  
tween local union bosses and Atto-  
rney Harriman, representing counsel  
for the defense of the McNamara's, it  
was determined that the unions will  
defend Myles Bender and Connors.  
It was decided that Harriman and a  
number of local attorneys will one or  
two from San Francisco will take up  
on their shoulders the burden of the  
defense while Darrow, Davis, and  
others will act in an advisory capacity,  
but be always on call in case of a  
crisis.The fact was made clear to Harrim-  
an that there will be little money  
forthcoming for the defense of the  
Hall of Records suit, as the funds  
in the unions' treasury are at a low ebb  
and the response for cash for the McNamara  
case have been very slow  
and unsatisfactory.Yesterday Harriman held a confer-  
ence with Myles Bender and a few  
other members of the defense team at the  
County Jail, and talked for a few moments  
with Connors. Harriman told  
the men of the action of the local un-  
ion crowd in regard to their assist-  
ance. The prospects felt cheered.It was at first expected that Con-  
nors would not be included in the  
plans for defending the unions, but  
Harriman stated that he will be given  
every assistance that is offered Maple  
and Bender.It is believed Harriman will go be-  
fore the court today and offer \$15,-  
000 a day for the three men. Yesterday  
afternoon at the Labor Temple the  
subject was discussed and the unions  
determined to try to raise the nec-  
essary funds and get the men  
out of the County Jail.The unioines are bitter in their de-  
nunciation of Parks, charging that he  
was the decisive factor in the employ of  
a personal grudge against the three  
indicted men, and concocted the story  
out of whole cloth.Darrow left last night for San Fran-  
cisco to confer with high unionists  
bosses. From there he will travel to  
Chicago and Indianapolis. He stated  
that he will return to Los Angeles in  
a month for the appearance of the  
McNamara's in court, July 5.

## MOTORCYCLE RIDERS HURT.

Man and Woman Struck by Auto-  
mobile Running on Wrong Side of  
Street and Painfully Injured.Strewn head on by an automobile  
on the wrong side of the street, F.  
V. Kelly of No. 737 South Grand  
Avenue and Mrs. M. T. Bentor of No.  
227 South Figueroa street, who were  
riding a motorcycle at the time, were  
painfully injured last night. They  
were taken to the Hospital of the  
Good Samaritan and then to their  
homes by R. J. Hunter of No. 4193  
South Main in his automobile.Kelly and Mrs. Bentor were riding  
along Wilshire boulevard, near Cata-  
lina street, when a small red  
automobile bearing the license number  
8147, swung onto the wrong side of  
the road and collided with the  
motorcycle and suffered away at high speed.  
However, he had been taken by  
a neighbor, who saw the accident,  
passing by soon after the  
collision, placed his automobile at the  
door of the injured couple. At  
the house of Kelly and Mrs. Bentor  
were found to have been pain-  
fully bruised.Automobile No. 8147 is registered  
in the name of C. S. Eastman of No.  
112 Orange street. Eastman said  
last night that he had sold the  
machine about three weeks ago to  
William H. Steele, a real estate man, who  
has not yet been heard from by the  
police.

## ADMIT SIX RORERIES.

Two Youths of Tender Age Tell Re-  
markable Tale of Burglarious Ca-  
rare—Sent to Detention Home.Alvarado Rivers and Jose Martinez,  
two boys only 14 years of age, were  
arrested early night by Detectives  
Fitzgerald and Browning and sent to  
detention. The lads were taken on  
butcher shop of Paul Subian, No. 329  
Commercial street, May 25, last, when  
they cut through the front screen  
door and stole between \$5 and \$6 in  
change.When taken to the Police Station  
the youthful burglars made a full  
confession, saying they had also bur-  
glared in other places. They said  
that on the night they cut out into  
Subian's shop, they escaped only  
by fast running when a policeman  
almost surprised them as they were  
leaving the store.

## MASONIC OFFICERS INSTALLED.

San Diego Commandery Installs  
New Men Into Official Place and  
Holds Banquet.SAN DIEGO, May 26.—The installa-  
tion of officers by San Diego Com-  
mandery Knights Templar, which took  
place tonight, was an important  
event in Masonic circles. The com-  
mandery was open to all Sir Knights,  
their wives and daughters, and the  
ceremonies were followed by a ban-  
quet.The following officers were installed:  
by Master commander J. C. Hiram  
Commander, George Johnson; Gen-  
eralissimo, William C. Benton; Cap-  
tain-General, John Burnham; Senior  
Ward, M. M. Moulton; Junior Ward,  
John F. West; Past Master, George  
M. Daniels; Treasurer, A. C. Meyer;  
Recorder, James M. Harvey; Stand-  
ard Bearer, O. S. Laing;  
Boarier, John F. West; Warden, H. W.  
Sumpson; Sentinel, M. Landis;  
Guards, John T. Butler and George  
J. Bach.Bookholders, Stenographers and Profes-  
sional men need Murine Eye Strengthener  
Strengthens and Refreshes Eyes. "Eye Strain"

Shotgun .....	100.00
Shotgun .....	100.00

## Little Change in Relative Standing

There is very little change in the relative standing of contestants this morning in the Los Angeles Times Greater Contest. The leaders seem to have maintained their advantage, and in fact to have increased it a trifle.

Mr. Burns, who started well, and was first in the list in yesterday's announcement, still leads. He has added 450 points to his score in the twenty-four hours. Mrs. Cole holds second place safely with a lead of a couple of thousand over her nearest competitor.

Jean Hiriart, Margaret Ingraham and Ercyl Dowling have jumped a few spaces in the score. Otherwise there is no change from the last bulletin.

Let the leaders be impressed with the fact

LARGEST DEPARTMENT STORE WEST OF CHICAGO  
**Hamburger's**  
BROADWAY, EIGHTH & HILL STREETS

We know it and realize it—we want you to know it and realize it—and you will the moment you step into the Big White Store Wednesday morning! To get down to facts—exactly 632 suits are included in this banner sale—master products of New York's foremost tailors, suits of Hamburger high quality and covered by the usual Hamburger guarantee. \$20, \$25 and \$30 they were to sell for, and exceptional at those prices—Wednesday your choice at \$15! How or why this is so is of secondary importance—the suits are here—values the like of which are almost never offered—and certainly no suit values offered this season equal them!

## The Newest Shades of Tan, Gray, Blue \$20 Suits and Cream and Black Stripes Included \$25 Suits.

Suits of most demanded lightweight materials—French serges, manish weaves and worsteds—and the styles include both strictly tailored and trimmed models. All linings are of good peau de cygne or satin, skirts in correct gored, side pleat or panel effects. All are new—just from the makers, and in every line they proclaim the workmanship of expert designers and tailors.

**Silk, Satin & Pongee Imported Suits at 1/2 in All—Originally 2 Priced Up to \$100.00 off**

Mostly direct importations from Paris, Vienna and Berlin, and therefore only one of a kind. The especially fashionable black satin predominate. Nearly all sizes. If you want a remarkably handsome suit at half, choose from these.

(Second Floor.)

All Sizes for Women and Misses

—so there's no need for any one to be disappointed. We'd advise early—the earliest possible selection, however, for women who know Hamburger values will be here in throngs today. Such an event comes but once in a long, long while—it's sensational! It is the rule of some-women to buy several suits in such a sale—an "economy" rule.

**None on Approval—None C. O. D.**

## 3 Trimmed Hat Leaders

From the Mid-Season Sale Now Going On!

\$9.50 Trimmed Hats \$4.95  
\$10 to \$12.50 Hats \$6.95  
\$15 to \$19 Hats at \$9.50

Millinery values not to be overlooked. Styles especially designed for mid-season beach and outing wear. White with black or white trimmings (cool looking and swagger) among the most favorite effects.

Also gorgeous flower-trimmed, as well as exceptionally smart tailored hats. Values, as above stated, range from \$9.50 to \$19, yet for today's selling they are divided into just three lots—you get your choice at \$4.95, \$6.95 and \$9.50. Would you care to miss such a chance to save? (Second floor.)

## From the Salvage Linen Sale

four feature items for Wednesday. We told you Sunday of the special salvage "buy"—of linens from the stranded ocean liner "Prinzess Irene"—told you how we bought only perfect linens—and how we back every yard or piece we sell by our usual 100 per cent. guarantee. This sale is indeed worth looking into.

TABLE DAMASK—full bleached, satin finish. A very heavy quality in a pleasing variety of patterns. Special, yard.....  
66-INCH DAMASK—silver bleached and beautifully finished. A very satisfactory German linen in good patterns. Yard.....  
22x22-INCH NAPKINS—satin damask. Splendid wearing. Dozen.....  
21x21-INCH NAPKINS—German linen—for everyday use. Dozen.....

## Union Suit Specials

From the week's big sale of Knit Underwear

Present modes of dress require the union suit. It is without doubt the most sought-for garment in the knit underwear line today—that's why, on Wednesday of this sale, we feature union suits alone. These prices on like qualities we know are unmatched.

**Union Suits at 79c**

French Isle, in low neck and sleeveless style. Finished with fancy yoke. A perfect fitting garment—and a fine value.

**Union Suits at 50c**

Low neck and sleeveless style also. Lisle thread garments with lace trimmings or cuff knee. Some with fancy lace yokes, hand-crochet finished. Beautiful high neck union suits.

**Union Suits at \$1.25**

Large 8-inch size, with 2 feet. Beautifully cut in the buzz-saw effect, and has heavy silver lining. Truly a most acceptable present. Note how low the price, too.

"For the June Bride"  
Cut Glass Fern Dish, for One Day \$3.95

Large 8-inch size, with 2 feet. Beautifully cut in the buzz-saw effect, and has heavy silver lining. Truly a most acceptable present. Note how low the price, too.

## Second Day of the "June Bride" Sale of Silverware

Hollowware Featured Tomorrow

The flat ware items advertised for Monday are still on sale and, in addition, these strong specials. They are brands of silver too well known to need commendation. Note prices.

## Silk Stockings

All silk stockings, as well as the silk boot effects included in this sale. No wider variety at popular prices shown anywhere. We pride ourselves, and justly, too, on our up-to-date assortment. Let us have your opinion of it.

**At 50c Pair**

there are women's black thread silk boot stockings with wide lisle top and double heels and toes.

**At 59c Pair**

there are thread silk stockings with seven-inch lavender lisle thread tops. These, too, with double heels and toes.

**At \$1.50 Pair**

Especially fine grade thread silk stockings with lisle soles and lisle lined garter tops. High spliced heels. In black and leading colors of the season.

**For Girls, at 59c**

Fine thread silk stockings, like mothers'. These in black only, but they are exceptional quality at the price. Lisle tops, heels and toes for durability.

**Children's \$1.50, \$2.00 and \$2.50 Oxfords \$1 and Pumps . . .**

A big assortment of smart styles in kid, calf and patent leather. These range in sizes to 13½, so there's no chance that you may be disappointed. Outfit the children for the summer when you can save so largely.

## THOUSANDS WITNESS FIERCE MOTOR SPEEDWAY BATTLE.

*Forty Desperate Drivers Fight for Rich Gold Prize and Vie With Each Other From Start to Finish of Most Thrilling Contest in Motor History—Mulford in Lozier, Brown in Fiat, De Palma in Simplex.*

(ASSOCIATED PRESS NIGHT REPORT.)

INDIANAPOLIS SPEEDWAY, May 30.—Eighty-five thousand spectators saw forty of the fastest motor cars on earth started at 10 o'clock this morning in the great 500-mile speed battle in which one man lost his life and three others were seriously injured. Johnny Aitkin, the New Zealander, jumped into lead at the end of the first mile but withdrew after fighting for 325 miles of the contest.

David Bruce Brown in the Fiat, held the lead at the end of 100 miles, but his time was then 44 min. 1 sec. Ralph Mulford, Lozier, second; Joe Dawson, Marmon, third.

Twenty-eight of the original starters remained in the race at this time.

At 400 miles Harroun, in the Marmon, was still in the lead. His time for the distance was then 6 hr. 58 min. 52 sec. Spencer Wishart, in the Mercedes, was pushing Brown hard at the end of 115 miles, but the Fiat driver held his place. Tire trouble hindered the Mercedes, and Brown continued to gain, only to lose his place later in the race to Harroun, in the Marmon, and Mulford, in the Lozier.

In the first lap the cars strung out all around the course. Aitkin, in the National, held the lead, with De Palma in the Simplex second, and Wishart, in the Mercedes, third.

The leaders, pressing the tail-enders of the preceding lap, made the race ride rough, exciting, and noisy, and desperate whirling. The thousands of spectators leaned forward in their seats and yelled wildly at their favorite drivers. The great roar of the racing roared over the deafening roar of the explosions of the forty motors as the hooded drivers, bending low over their steering wheels, pushed their engines to the farthest limit.

At the end of the first 150 miles of the 500-mile automobile race at noon, today, one mechanical accident killed one man and drove perhaps fatally injured. Four of the forty cars that started had been withdrawn because of breakdowns. David Bruce Brown, in the Fiat, had led the race from the start, leaving a long grind that promised to continue until 5:30 o'clock this afternoon.

## DEATH WINS.

S. P. Dickason, mechanic for Arthur Greiner of Chicago, driving an Amplex car, lost his life in an upset after the half mile in the thirteenth mile of the race. Greiner suffered several broken ribs and perhaps concussion of the brain. Surgeons at the field hospital would not make a statement as to the probable outcome of his injuries.

The accident was caused by the throwing of a front tire. The machine had struck the infield and skidded completely around, tearing off both back wheels.

Dickason was thrown against a fence. His body was terribly mangled. Greiner was hoisted to the track. An examination at the field hospital, and a report made by the attending physicians, gives Greiner little chance of recovery.

Bruce Brown's time for the 150 miles was 1 hr. 55m. 12s., which is a new record, the old mark being 2 hr. 5m. set by Joe Dawson at Indianapolis last year. The cars were strung out behind the leaders all around the two and one-half-mile course. The searching pace burned up the tires of the cars, some stopping two or more times at the pits for changes.

Several of the drivers seemed to prefer to have a steady grind two or three laps behind the leaders. There were few sensational dashes for leadership.

After the two hundred miles several of the pilots dropped out to rest a few minutes, and rolled drivers took their places in the cars. Patches drove the Marmon, while Marmon, in the original laps, and Alton, in the straight substituted for Hearne in a Benz.

In a mix-up of Little Apperson, Kress' Westcott and Jagersburg's Case, directly in front of the grand stand, John G. R. Knight's mecha-

nical, suffered an injury to the spine, but was able to get away without being bruised by a wonderfully fortunate set of circumstances.

The Case car broke its steering gear and skidded on the side of the track. Larrenon, the mechanician, fell out and the car passed over his leg. The car being held made desperate efforts to stop, and all of them availed themselves except safety, except safety, except the Westcott and the Apperson, which turned over.

## NOT ONE SURVIVED.

Eleven cars had withdrawn because of accidents and breakdowns when the two hundred and fiftieth mile was reached. This left a field of twenty-nine cars to finish the last half of the race.

The entries withdrawn up to this point were: Louis Disbrow, Pope-Hartford; Harry Knight, Westcott; Fred Jagersburg, Case; Arthur C. Chater, Fiat; Buck; Charles Basic, Buck; Harry Grant, Alco; Ellis, Jackson; Teddy Tetzlaff, Lozier; Herb Lyttle, Peterson; Caleb Bragg, Fiat; Arthur Greiner, Amplex.

## HARROUN LEADS.

Ray Harroun (Marmon) had taken the lead from David Bruce-Brown at the end of the first 150 miles. His time was 2 hr. 45m. 21s. Brown was second, and Ralph Mulford (Lozier) third.

At 360 miles Ray Harroun continued to lead. His time was 3 hr. 52m. 24s. Ralph Mulford, in the Lozier, was second, and Bruce-Brown, in the Fiat, third.

Ray Harroun, in his Marmon, had

a lead of about three laps at 350 miles. His time was then 4 hr. 10m. 10s. Ralph Mulford, Lozier, second; Joe Dawson, Marmon, third.

Twenty-eight of the original starters remained in the race at this time.

At 400 miles Harroun, in the Marmon, was still in the lead. His time for the distance was then 6 hr. 58 min. 52 sec. Ralph Mulford, in the Lozier, was second, and Bruce-Brown, with the third. Twenty-seven cars remained to drive the last 100 miles of the race.

The average time made by Harroun in his Marmon for the first 400 miles was seventy-seven miles an hour.

As the cars dashed into the last 100 miles it was expected that the drivers, instead of weakening from fatigue, and the nervous strain, gained assurance. They took more risks, and attempted to pass each other at the turns and the crossroads. The mishaps and hairbreadth escapes of the day, watched the cars more closely as they turned in and out of the home stretch and the back stretch.

At 470 miles Harroun, Marmon, led. Bruce-Brown, Fiat; Tetzlaff, Lozier; Dawson, third; Marmon, fourth; and De Palma, Simplex, and Wishart, in the Mercedes, fifth.

At 480 miles the three leading cars were less than thirty seconds apart.

Mulford, in the Lozier, raced for second, at 480 miles. Harroun,

the easiest of the entire run and the car was less difficult to handle on the turns. At first there was a tendency to slip, which increased toward the middle, but from that time he had little trouble in holding the car to its course.

"In my estimation, the limit is reached at 500 miles and is entirely too long for the endurance of the driver."

## Classic.

## MANY STARTERS IN TURF EVENT.

## FAMOUS HARNESS RACE TODAY IN GREAT BRITAIN.

Many Favorites Make Winner Hard to Pick—Twenty-seven Entrants in Derby This Year—Harry Whitney to Enter All God in Effort to Repeat Previous Victory.

(ASSOCIATED PRESS NIGHT REPORT.)

EPSOM DOWNS (England) May 30.—With twenty-seven probable starters the field of tomorrow's derby, England's classic turf event will be the most sordid. Hermit gained his memorable victory over twenty-nine opponents in 1887.

Only twice within the last thirty-one years have there been more than a score of starters. One of these occasions was in 1901, when the late Mr. Whitney captured the trophy with Volo.

John Madden's Adam Bede, running under the colors of Louis Winans, which earlier was highly thought of as the probable winner, has dropped out, having since beaten by his two stable companions in trials.

JOHN MADDEN'S ADAM BEDE, RUNNING UNDER THE COLORS OF LOUIS WINANS, WHICH EARLIER WAS HIGHLY THOUGHT OF AS THE PROBABLE WINNER, HAS DROPPED OUT, HAVING SINCE BEATEN BY HIS TWO STABLE COMPANIONS IN TRIALS.

JOHN MADDEN'S ADAM BEDE, RUNNING UNDER THE COLORS OF LOUIS WINANS, WHICH EARLIER WAS HIGHLY THOUGHT OF AS THE PROBABLE WINNER, HAS DROPPED OUT, HAVING SINCE BEATEN BY HIS TWO STABLE COMPANIONS IN TRIALS.

JOHN MADDEN'S ADAM BEDE, RUNNING UNDER THE COLORS OF LOUIS WINANS, WHICH EARLIER WAS HIGHLY THOUGHT OF AS THE PROBABLE WINNER, HAS DROPPED OUT, HAVING SINCE BEATEN BY HIS TWO STABLE COMPANIONS IN TRIALS.

FLASH BAST.

The start was magnificent. Think  
of eight cars, five abreast, 100 yards  
apart, rushing off in solid formations.  
We came for excitement and we got it.  
We can pass every two  
seconds at a hundred miles an hour—a  
sight never to be forgotten.To have sport we must have the  
high-power special racing ma-  
chine. The group in its gallant race  
drove a most beautiful race alone,  
with no mechanic, off mile after mile.  
The huge, break-built  
Harmon, like some immense wasp,  
crossed the tape a winner amidst  
cheering thousands.Tetzlaff's narrow escape from  
death was a thriller. We were so  
glad to see him safe, yet sorry that  
the Los Angeles boy, Dave Lewis,  
was injured. Tetzlaff drove a great  
race and made a strong bid for first  
place, but a accident put him out  
of the running.Mulford, in the Lozier, was a strong  
contender for first place, but he  
was in the running event second and though  
he had been beaten by the trouble-  
baked like a winner until the big  
news was over and Starter Fred Wag-  
ner had flagged the remaining cars

GREATEST EVER.

The greatest ever in the world's history. It  
was a thrilling sight to watch the four  
cars tearing around that speedway. I am glad to have witnessed  
the great contest which was a hum-  
mer from the moment the cars were  
away until we were ready to go home.The crowd enjoys a real race,  
though all the time the spectators  
are not allowed to get near the track.  
The excitement today was very exciting  
though it lasted to make the big  
news was over and Starter Fred Wag-  
ner had flagged the remaining cars

**SPEED THRILLS  
AT GREAT RACE.**Prominent Local Auto Dealer  
Sees Battle Royal.Speedway Like Reno Day of  
Big Prize Fight.Los Angeles Boosters Add  
Color to Contest.BY EARL C. ANTHONY.  
Vice-President Automobile Dealers' Association.

(By Direct Wire to the Times.)

INDIANAPOLIS, May 30.—[Exclusive Dispatch.] Never has there been seen such a crowd as that which attended the great race today. It reminded one of Reno the day before the fight. All the hotels full, men and women walking the streets all night, and many automobiles entering the city from twenty States. The entire United States was represented. No sporting event ever held has attracted such a cosmopolitan crowd.

Millions and millions—bumpers, bumpers, thousands of people—were on the roads. As a display of gowns and millinery the grand stand had our fashion show backed off the boards. Many Los Angeles people here, including Smith, made a special trip to see the fight. Spalding represented the accessory men, and was always on deck. Mr. E. Young and Bert Dingley remained for the race. H. H. Dingley was the center of interest of a large throng. Every one wanted him to drive during the race, and at one time seemed as if he would grab some car from the paddock and rush to the track to take part in the race.

The British team of San Francisco, Keats, Portman, Sneed, and San Francisco also attended. As a spectacle it will long be remembered. One hundred thousand cheering spectators occupied every foot of space along before the start.

FLASH BAST.

The start was magnificent. Think of eight cars, five abreast, 100 yards apart, rushing off in solid formations. We came for excitement and we got it.

We can pass every two seconds at a hundred miles an hour—a sight never to be forgotten.

*Mr. Wad Can't Dodge the Rough Stuff—Even in the Exclusive Confines of the Country Club!***BOWLING**

The Commercial Bowling League finished its third week's play last Friday. Every team in the league has had at least one game. The Phoenix still tops the percentage column with fourteen wins and one loss. The Brock & Feagans are a close second with the Harris & Frank and L. A. Saddley & Findings Company tied for third. Of the individuals' team ranks, first dropped back six points during the past week. There promises to be a very close and exciting race for high average between Brock & Feagan, Jones & Young, Laughlin and Westcott. Improvement has marked the work of all bowlers in the league and most of the averages have a "class 'A'" flavor. Following the team and individual standings to date:

**TEAM STANDING.**

Team	Player	W.	L.	P.	Gms.	H.G.
Brock & Feagan	W. E. Brock	14	1	14	14	74.65
Brock & Feagan	J. E. Feagan	14	1	14	14	74.50

AREN'D BACK  
TO CATALINA.*He and Charley Porter Again Reign at Magic Isle.**Will Take Up His Baton There Late in June.**Personnel of Big Summer Band Across Channel.*

BY JULIAN JOHNSON.

Back to Catalina for Conductor Bill Arend.

William F., the champion baton-berger, accompanied by his faithful friend and field marshal, Charley Porter, will climb into the melodic throne of the magic Isle of Catalina. It is sincerely hoped that he will reign undisturbed throughout the summer.

Last year, it will be remembered, King William had just entered his estate of monarchy when a cruel and nearly-fatal invasion of mastodons, disguised as the red waters above the submarine gardens, forced him to abdicate in a hurry.

Conductor Arend will have a band of thirty men, and will give the usual daily concerts of classical solemnities and giddy-time popular ditties in the nation's amphitheater, known as the Tomb of Silence, from the watchful habits of its stealthy guardians, whose ears are so keen that they can even hear you change your mind.

Charley Porter says the band has such good timber that it will be of excellent timbre, and, in fact, should prove one of the leading coastwise musical companies.

G. C. Roschrock will be the solo soprano. Mr. Roschrock has been here for several seasons, and his style of playing is familiar.

D. G. Whistock will be the euphonium soloist. Whistock came West with Von Blon's orchestra, and is said to be a soloist of brilliant ability.

George P. Mulford remains as piccolo premier. Last year Mr. Mulford took up the baton upon Mr. Arend's disappearance, and gave an excellent account of himself.

George E. Harder is first clarinet.

W. K. Walsh is first trombone.

J. T. Espinoza remains as first flute.

William H. Mead, flute soloist, remains in that position.

As player and director, Mr. Mead is as well known locally as any other musician, in any capacity.

Concerts are not all of the band's work at Catalina—far from it. Theiture of the ball dances, "Pavillon" is to be considered, and two-step and waltz, and the may and madding bands, are for last-minute fare of attention, especially from the younger girls.

Last year Charley Porter is going to be the dance-music director. Mr. Porter plays double-bass in the band, string bass in the symphony orchestra, and also a string bass in Mr. Arend's band for the benefit of the Vienna Boys' Hotel; but with a baton in his hand, he is an unfamiliar figure.

The band is to be one of the features of the island. Whether the long-off-coast rock-lump would very likely do a back flip and shake off all the band members, is not yet decided, but, the power launch, the abalone muck-raker, the pirates who leave row boats and the male pirates who leave women for the shapely, of every incoming Cabrillo are immovable fixtures who belong just as primarily as the crystal bay, the azure sky and the majestic mountains.

YACHTS RETURN  
FROM CATALINA.JOINT CRUISE OF CLUBS IS  
GREAT SUCCESS.

White-winged Squadron is Largest That Has Ever Visited Magic Island—Skipped to Begin to Tune Up Craft for Racing Season That Will Open Early Next Month.

Yachts of the South Coast Yacht Club and Sausalito Yacht Club returned to their anchorages yesterday afternoon from a three-day cruise to Avalon. Every, Corinthian participating in the joint annual cruise of both clubs was present, making it the most sociable and successful in the history of the sport in Southern California.

Sailors and crews made the round of visits to each boat in the two fleets, the most cordial relations being established between the two associations. This was the greatest gathering ever. In the representation made by each club to cause more boats to be present in Avalon at one time than ever before.

Under command of Commodore Lambshead in the yawl Royal, the South Coast fleet sailed as a white-winged squadron. Most of the Sunsets and their wives were out separately, so some yacht owners could not get away at the time of the opening gun.

Dancing, dinners at the Metropole, ashing, horseback riding, fishing and visits to the marine gardens took up most of the time of the visitors when they were not playing polo or tennis or golf. When the big races were called off, the cruisers contented themselves with speed contests in the run to and from the island.

Edwards' big sloop Nixie, Jimmie Edwards' yawl Wave, Howard Wright's sloop Siwash, Alex J. Mitchell's ketch Yankee Girl, Fred Overton's yawl Arrow and several others participated in the races, the skipper of each boat claiming to have made the fastest passage. The Idler, Diana, Winona, Mischievous, Valiant, Resolute and other yachts turned at different hours yesterday, those abeam spending the largest part of Memorial Day at the island.

During the week the racing craft will be tuned up for the big regatta to be pulled off, one by each club. The South Coast boats will sail around Catalina Island for the Miller cup and half a dozen trophies presented by the island. The racing fleet of the Sunset Club with the exception of Commodore Mitchell's craft will race for the cup presented by Jimmie Edwards. The latter race will be over a triangular course in full view of Long Beach.

Aafestore of South Coast racing this year will be a race around Santa Barbara Island, which will be a pleasure and ocean cruise and will be for a handsome cup presented by Capt. McFarland.

Mabel Morrison.

(Mrs. Richard Bennett) who will play the title part in Margaret Mayo's new play, "The Flirt," to be produced at the Burbank Theater for the first time next Sunday. Miss Morrison has just finished a season with "In Deep Purple," and comes West with a "rep" as an accomplished actress.

We're Irresistible.

STARK OF THE VIENNESE MUSIC  
LURED BACK BY SIREN TOWN.

Ferdinand Stark has "camed back."

Mr. Stark came back simply because he couldn't stay away.

Mr. Stark is a violinist with a great punch, and an orchestral director with even more punch than that. Immediately after the earthquake he was a familiar musical figure in Los Angeles, and made much stirring melody.

Then San Francisco, which had originally fostered Mr. Stark's artistic development, lured him to return.

And it was Ralph who snaked his bow again. Sir, he did not know he was a violinist—and I said: "The next one to go will not be a 'cello or a piano or a platform or the feller that was down around the audience, has put that record back into history."

They cut down the orchestra to make room for the one-actoer lost one violin, then another violin, then a clarinet—and I said: "The next one to go will not be a 'cello or a piano or a platform or the feller that was down around the audience, has put that record back into history."

Mr. Stark is still as far from belligerent as ever, his countenance is as ruddy, and his smile as twinkling.

Going Some.

RENTON RESTS IN MIDST OF  
RECORD-BREAKING SEASON.

P. A. RENTON is taking a short rest. He is in the northern part of California, with Mrs. Renton and his two boys, using the time and enjoying himself. The strenuous work of the past few weeks has been almost too much for the local Overland agent.

That the mark which he set at the beginning of this season is to be reached is almost certain now.

The care are being passed out in bunches and the Overland is sending the machines out to the agent here in sufficient quantities to insure immediate delivery at a time when this was an important factor in the sales record.

Renton is now one of the top-notchers among the Overlanders, a personal friend of John

Willys, the factory chief, and he has always been a strong booster for the car.

He took the Overland when the car was at the top of the world one year ago, and is now rounding out a season which he will finish with Mr.

Renton is planning on enlarging its capacity, according to Renton, who made the following statement regarding the work in progress:

AMATEUR RECORDS  
ARE ESTABLISHED.

[ASSOCIATED PRESS NIGHT REPORT]

NEW YORK, May 30.—Three new amateur athletic records were made at the track and field carnival of the Irish-American Athletic Club at Coney Island Park today.

A. Henry of Eden, Tex., who ran unattached, won the special 125-yard scratch dash in 12.1-5s. This is a new American record. The figure was held for a decade at Berkeley, Calif., twenty-two years ago by Charles A. Sherrill of Yale and the New York Athletic Club.

John Eller of the Irish-American Athletic Club, champion sprinter, ran his trials and final heats in the 250-yard hurdle event in 22.1-5s.

The former world's record, 31.4-5s, has stood since 1906, when George C. Krause of the New York Athletic Club won at Staten Island, N.Y.

The third record of 30 was in the hop, step and jump, when the world's best, Frank Tetzlaff of the New York American Athletic Club, beat his own figures twice, finally making 36ft. 1in. Just a year ago he made the old mark of 40ft. 7.2-5in.

NATIONAL WINS LONG  
GRIND AT DENVER.

[ASSOCIATED PRESS NIGHT REPORT]

DENVER, May 30.—At the Denver Motor Club's automobile races at the new speedway at Saddle this afternoon, McMillan, in a National, won the 200-mile event; Thorney in a

Ford, was second, and Jackson, in Michigan, was third; time, 3:20.20.
